The Director of Law and Personnel
County Hall
St Anne's Crescent
LEWES BN7 1SW

Dear Mr Ogden,

Re: Avis Way Decision call-in request.

Thank you for your detailed response to our request.

We had hoped that the reasons we had offered would be enough in themselves, especially as they were submitted by three out of the seven members of the Adult Social Care Scrutiny Committee.

The number of Councillors in total who support this move is, we accept, unknown. It goes without saying that all Opposition members, Labour, LibDem and Independent support it, as do the four members representing the area served by Avis Way. We are sure of 22 members, therefore, and there could be more.

All we are asking for is for Avis Way to be considered along with all other directly provided services in the overarching review of County Adult Services which is about to take place. This will cost nothing, because the Director of Adult Services has said that it will cost £129,961 for re-provisioning and there will be no savings in 2006/7.(Cabinet papers 12/12/06 – p13) It would actually save this money.

Yours sincerely,

Cllrs: Martyn Forster

Trevor Webb

Olive Woodall
