Items that appear regularly at committee	
<p>The Council's Forward Plan</p>	<p>The latest version of the Council's Forward Plan is included on each scrutiny committee agenda. The Forward Plan lists all the key County Council decisions that are to be taken within the next few months together with contact information to find out more. It is updated monthly.</p> <p>The purpose of doing this is to help committee Members identify important issues for more detailed scrutiny <i>before</i> key decisions are taken. This has proved to be significantly more effective than challenging a decision once it has been taken. As a last resort, the call-in procedure is available if scrutiny Members think a Cabinet or Lead Member decision has been taken incorrectly.</p> <p>Requests for further information about individual items on the Forward Plan should be addressed to the listed contact. Possible scrutiny issues should be raised with the scrutiny team or committee Chairman, ideally before a scrutiny committee meeting.</p>
<p>Committee work programme</p>	<p>This provides an opportunity for the committee to review the scrutiny work programme for future meetings and to highlight any additional issues they wish to add to the programme.</p>

Current scrutiny reviews and other work underway	Date available
<p>Scrutiny Review of Early Years attainment in East Sussex</p> <p>1. 43% of 5 year olds in East Sussex are meeting all 7 levels of expected development at the Early Years Foundation Stage (EYFS) compared with 52% nationally. This means that children at the EYFS are 9% behind the national average, which has a knock on effect for attainment at Key Stage 1, where children are 8% behind the national average. Therefore, the Scrutiny Committee will focus on this early part of a child's school career. Possible lines of scrutiny inquiry:</p> <ul style="list-style-type: none"> • Understanding the underlying reasons for differences in attainment might lead to better strategies to tackle underperforming early years settings or pupils; • How the Council works with the different types of early years setting to improve educational attainment and how transitions between settings are handled; • An examination of new models of working such as the Early Years Village, and what other local authorities have done to improve attainment. <p>Scrutiny Review of Raising the Participation Age (RPA)</p> <p>2. The preparedness of East Sussex for the raising of the participation age (RPA) of young people in education and training) to 17 in summer 2013 and to 18 in 2015:</p> <ul style="list-style-type: none"> • The role the County Council, and others, in helping to overcome barriers to education and work and to align the aspirations of young people with employment and learning opportunities. • Reducing the number of NEETs (people Not in Education, Employment or Training) amongst young people has been of particular on-going interest for the committee. <p>The Committee is establishing a review board and will hold a scoping meeting in September 2014 to agree the terms of reference and lines of enquiry for this review.</p>	<p>September 2014</p> <p>To be agreed</p>

Potential future scrutiny work
(Proposals and ideas for future scrutiny topics appear here)

Special educational needs and disabilities (SEND) reforms/ Transition from children’s to adults’ social care

An initial scrutiny investigation early in 2013 found that the Transition Service, after a year of operation, had demonstrably reduced the potential for a ‘cliff edge’ drop in services experienced by young people with the most challenging needs as they change from children’s to adults’ social care services. Further scrutiny could be undertaken to investigate:

- the experience of young people with moderate or minor needs as they move from children’s to adults’ social care services.
- Special Educational Needs and Disabilities (SEND) – the impact of the reforms and the Pathfinder approach that has been trialled in East Sussex.

Early Help / THRIVE Programme

In June 2014 the Committee received a report on the evaluation of THRIVE at the end of the second year of the programme. The report outlined the progress against a number key service targets, including the Troubled Families Programme (known in East Sussex as Family Keywork and Early Help). Improving Early Help and prevention services has enabled the Children’s Services Department achieve most of the targets set at the beginning of the THRIVE programme.

The Committee will decide what further work is required once the transition plan for the end of the THRIVE programme has been finalised.

Performance monitoring

Performance monitoring is an integral part of scrutiny. The committee is alerted to the relevant quarterly **reports** that Cabinet and lead Members receive. Members can then suggest matters for scrutiny to investigate in more detail.

In the performance reports, achievement against individual performance targets is assessed as either ‘Red’, ‘Amber’ or ‘Green’ (‘RAG’):
