Items that appear regularly at committee	
<p>The Council's Forward Plan</p>	<p>The latest version of the Council's Forward Plan is included on each scrutiny committee agenda. This document lists the key County Council decisions that are to be taken within the next few months together with contact information to find out more. It is updated monthly.</p> <p>The Forward Plan helps committee Members identify important issues for more detailed scrutiny <i>before</i> key decisions are taken. This has proved to be significantly more effective than challenging a decision once it has been taken. As a last resort, the call-in procedure is available if scrutiny Members think a Cabinet or Lead Member decision has been taken incorrectly.</p> <p>Requests for further information about individual items on the Forward Plan should be addressed to the listed contact. Possible scrutiny issues should be raised with the scrutiny team or committee Chairman, ideally before a scrutiny committee meeting.</p>
<p>Committee work programme</p>	<p>This provides an opportunity for the committee to review the scrutiny work programme for future meetings and to highlight any additional issues they wish to add to the programme.</p>

**Potential future scrutiny work
(Proposals and ideas for future scrutiny topics appear here)**

A27 Improvements

The department is in discussion with the Highways Agency and businesses about improvements to the A27 between Lewes and Polegate. The Council is lobbying for this section of road to be made into a dual carriageway and the Highways Agency is testing a number of options. A briefing report could be brought to the Scrutiny Committee at a future meeting to provide more detail on the proposals.

Background / information reports available to the Committee

(Items in this list appear on committee agendas when proposed for scrutiny by committee members)

Date available

Performance management

Performance monitoring is an integral part of scrutiny. The committee is alerted to the relevant quarterly **reports** that Cabinet and lead Members receive. Members can then suggest matters for scrutiny to investigate in more detail.

In the performance reports, achievement against individual performance targets is assessed as either 'Red', 'Amber' or 'Green' ('RAG'):

- 'Green' means that the performance measure is on target to be achieved
- 'Amber' means that there is concern about the likelihood of achieving the performance measure by the end of the year
- 'Red' means that the performance measure is assessed as inappropriate or unachievable.

The 'Red' and 'Amber' indicators also include further commentary and the details of any proposed corrective action.

Requests for further information about individual items in the performance reports should be addressed to the listed contact. Possible scrutiny issues should be raised with the scrutiny team or committee Chairman.
