8 SCC TRANSFORMATION PROGRAMME (Pages 51 - 68)
Surrey County Council is undertaking a large scale transformation programme to address identified performance, financial and organisational culture issues to improve service delivery to residents and value for money.

The key components of the programme include a Vision for Surrey in 2030, a refreshed approach to partnership work, the development of 'Deals' with the community, full business cases for critical service areas and enabling functions, revised financial systems, processes and practices and a culture audit and change programme.

9 SERVICE UPDATE - PROCUREMENT (Pages 69 - 74)
The Procurement Service has been operating under a jointly appointed Head of Procurement & Commissioning since September 2013 and began operating under an integrated Senior Management Team in April 2015 (this delivered 23% savings against the previous combined costs for Tier 2 and 3 for Procurement).

In April 2017, the integration of the ESCC and SCC procurement functions completed. Not only was this designed to reduce costs (£345k budget savings for 17/18, 11% of the operating budget) but the restructure offered the opportunity to also provide a broader 'cradle to grave' offer with a greater emphasis on the development of longer term category strategies to support commissioning; alongside a supplier and contract management focus to ensure value for money is delivered through the lifecycle of our contracts.

Furthermore, a move away from small specialist teams, to wider professional groupings, offered the potential to use resource more flexibly and efficiently across teams and between authorities, as well as offering the possibility for improved knowledge sharing.

It is now nearly 18 months since this model went live (the formal integration of the BHCC has now also recently completed) and this paper offers the opportunity to assess the extent to which this ambition has been realised.
