EAST SUSSEX SCHOOLS' FORUM

MINUTES of a meeting of the Schools' Forum held remotely with Microsoft Teams on 18 November 2022

PRESENT

Secondary

Hugh Hennebry - **Chair** (Uckfield College)

Helen Key (Chailey School)

Secondary Governors

Monica Whitehead (Claverham Community College)

Secondary Academy

Kelly Johnson

Primary

Richard Blakeley (Harlands Primary)

Gemma White (The Bluebell Federation)

Primary Governors

Katherine Rabson Stark (South Ashdown Schools Federation)

Debra Vice Holt (Oak Tree Federation)

Primary Academy

James Freeston (King Offa Primary Academy)

Gavin Bailey (Swale Academy Trust)

Special Schools

Julie Campion (Grove Park School Crowborough)

Special Academy

Richard Preece (Saxon Mount and Torfield)

Jo Foulkes (SABDEN Multi Academy Trust)

Non School Members

Joanna Sanchez (Diocese of Arundel and Brighton)

Jon Gilbert (Diocese of Chichester)

ESCC representatives

Cllr Bob Standley (Lead Member for Education and Inclusion, Special Educational Needs and Disability)

Alison Jeffery (Director Children's Services)

Elizabeth Funge (Assistant Director Education)

Edward Beale (Schools Funding Manager)

Mark Whiffin (Head of Finance)

Sarah Rice (Schools Finance Manager)

Kirsten Coe (Schools Finance Team Lead)

Rachel King (Clerk)

1. WELCOME AND APOLOGIES (Note)

The chair welcomed all and thanked everyone for their attendance. A warm welcome was given to new member, Kelly Johnson from the University of Brighton Academies Trust.

1.1 It was confirmed the meeting was quorate, recognising the apologies below.

Phil Matthews - Hailsham Community College Academy Trust

2. MINUTES OF PREVIOUS MEETING 16 September 2022 (Approval)

2.1 The minutes for the meeting held were approved as a true record and will be signed by the Chair and scanned to Lesley Leppard.
Actions noted as completed.

3. MATTERS ARISING AND DECLARATION OF INTERESTS (Discussion)

3.1 Matters arising - A letter had been written to Gillian Keegan, Secretary of State for Education from forum members re: impact of rising costs on school budgets. To be distributed after the meeting.
There were no declarations of interest.

4. GROWTH FUND / FALLING ROLLS FUND (Approval)

4.1 Forum members were given an outline of proposals and then asked for approval for funding for the 2023/2024 financial year.

Recommendation: Schools' Forum were asked to approve an allocation of £985,000 for the Growth fund. A short discussion took place.

4.2 A vote took place as follows.

YES	NO
13	0

5. DSG - CENTRAL SCHOOL SERVICES BLOCK 2023/2024 (Approval)

5.1 Forum members were given an update on the CSSB allocations for 2023/24.
Recommendation: Schools' Forum were asked to note and approve the proposals in relation to the funding of on-going responsibilities and historic commitments. It was asked that it was recorded that forum members offer huge thanks to East Sussex County Council for the transfer of those funds. Key points:

- With regards to the part of the budget that is going to attendance services, there was recognition of the new attendance duties and questions were asked regarding whether there is enough money going to this service. It was noted that with the new and additional responsibilities, there is a need to review attendance support. It was also noted that the funding for the on-going responsibilities are contributions to the budget areas, with Council budgets also part funding them.

- A question regarding children with SEN was raised and would part of the funds be available, from the Historic Commitments, for special schools. It was noted that these funds related to mainstream schools and academies only.
- A request was made for forum to have more detail to help give context - particularly for newer forum members. This was agreed for 2024/25 and it was also noted that previous Schools' Forum papers are also available on the website.

5.2 A vote took place as follows.

YES	NO
12	1

6. SCHOOL FUNDING FORMULA - 'Exceptional Circumstances' Funding formula update (Information)

- 6.1 Forum members were given an update on the current funding formula factor that East Sussex County Council uses for 'Exceptional Circumstances' which was in relation to 'listed buildings' and 'rents & lettings'. It was explained that this factor was being reviewed, by the DfE, and LAs have to reapply to use this. It was confirmed that the funding comes to just over £70k and because, on an individual school basis, they are material amounts and would see a reduction in their budgets if not received, the LA is reapplying to continue to use these factors for 23/24.

7. ANY OTHER BUSINESS

School Improvement Funding

Schools Forum were updated that a discussion has begun with Secondary and Primary Boards on how we are delivering school improvement - is the current model fit for purpose and delivering the right kind of support?

It was noted that the LA currently receives school improvement funding from the DfE, and that it is going to cease completely from 2023/24, having already been halved for the current year. The DfE is allowing LAs to fund school improvement via de-delegation as a replacement for the grant funding. It was noted that those conversations are happening and a paper will be brought to Schools' Forum in January.

Meeting concluded at 09:23 am

Next meeting - Friday 13 January 2023 08:30am. To be held on Microsoft Teams

Report to: Schools' Forum

Date of meeting: 13 January 2023

Report By: Alison Jeffery

Title: DSG Budget 2023/24

Purpose: To provide an update on the DSG budget for 2023/24

RECOMMENDATIONS

1) Schools' Forum are asked to note the DSG allocations for the Schools, Central School Services Block, High Needs and approve the Early Years DSG Budget

1 Background

- 1.1 The Dedicated Schools Grant (DSG) for 2023/24 is, like last year, allocated by the DfE into four blocks. Each block is subject to separate regulations as to eligible expenditure and the use of the four blocks is outlined below:
- **The Schools Block** comprises the funding which must be delegated to schools and academies through the Funding Formula. Maintained schools can agree to de-delegate budgets and these are spent on their behalf by the local authority. Subject to Schools' Forum approval, there are a limited number of exceptions, the Growth Fund and Falling Rolls Fund, which enable local authorities to hold this funding centrally. The funding for these funds goes to eligible schools and academies.
 - **The Central School Services Block (CSSB)** is a block of funding that provides funding for Local Authorities to carry out central functions on behalf of pupils in maintained schools and academies. LAs' CSSB is split into funding for historic commitments and funding for ongoing responsibilities.
 - **The High Needs Block** provides funding to support the provision for children and young people with special educational needs and disabilities (SEND) from their early years to age 24. This includes provision in maintained schools, academies, alternative provision, FE colleges and independent providers, as well as supporting central spending on pupils with special educational needs and disabilities from their early years to age 24.
 - The **Early Years Block** funds payments to early years providers in settings and schools and supports central spending on early years pupils.
- 1.2 Please note that regulations stipulate that Schools' Forum approval is required for the CSSB (Approved 18 Nov '22) and the Early Years Block only. The other blocks are presented for information.

2. Appendices

2.1 The appendices below provide a breakdown of the DSG allocations:

Appendix A - DSG Summary
Appendix B - Schools Block DSG
Appendix C – Central School Services Block DSG
Appendix D - High Needs Block DSG
Appendix E – Early Years Block DSG

3. Schools Block Funding

3.1 The Schools Block for 2023/24 is based on the October 2022 pupil census data and equates to £350.9m.

3.2 The DfE have allocated £20.3m more to the Schools Block compared to 2022/23. There are two reasons for this:

- 1 £17.8m relates to an increase in funding rates (Due to the inclusion of the Supplementary Grant, previously received as a separate grant, and an uplift in funding).
- 2 £2.5m relates to a change in Number on Roll (NOR).

3.3 Growth and Falling Rolls Fund proposals were presented to Schools' Forum at the November '22 Schools' Forum whereby a request was made for the continuation of support for maintained schools and academies in respect of Key Stage 1 top up, additional classes, pre-opening costs and dis-economies of scale costs for new schools. No additional funds were requested for the falling rolls fund as funds are to be brought forward from 2022/23.

4. Central School Services Block (CSSB) Funding

4.1 At the Nov '22 Schools Forum meeting, the CSSB funding of £4.9m was discussed and approval was obtained by Schools' Forum for the Local Authority's planned use of funding, which was to use £2.38m (On-going responsibilities), and to transfer the remaining funds of £2.52m (Historic Commitments) to mainstream Schools/ Academies.

4.2 The DfE have confirmed that £4.9m has been allocated to the local authority. (£2.52m to Historic Commitments and £2.38m to on-going responsibilities).

4.3 In total, £2.52m will therefore be transferred to mainstream Schools/ Academies from this block in April '23 which equates to £39.50 per pupil.

5. High Needs Block (HNB)

5.1 The DfE have stated that special schools/ academies and alternative providers will continue to receive place funding at £10,000 per agreed place. As in previous years, the Local Authority has realigned agreed places at some schools and academies to more effectively reflect need.

5.2 For facilities, as per DfE regulations, the place funding will continue to be £6,000 for every occupied place and £10,000 for an unoccupied place. (Funding for occupied places is £6,000 per place because these pupils are also funded via the school's budget share.)

5.3 The total High Needs Block funding is calculated by the DfE and for 2023/24 is £82.1m, which is an increase of £7.3m compared to 2022/23.

- 5.4 Of the £7.3m increase, £3.3m relates to additional funding that the DfE have allocated after the autumn '22 statement announcements. The DfE have specified that some of this additional £3.3m must be allocated to Special Schools / Academies and APs.
- 5.5 The requirement is that Local Authorities must allocate 3.4% per place that is based on £10,000 place funding. (Example below)

Annual Place Funding for School A	Additional Funding (For the year)
100 Places * £10,000 (£1,000,000)	$£1,000,000 * 3.4\% = £34,000$

- 5.6 There is also a requirement to uplift top up funding by 3.4%. (Example below)

Annual Top Up Funding for School A (100 pupils)	Additional funding (For the year)
$£1,000 * 12 \text{ months} * 100 \text{ pupils}$ (£1,200,000)	$£1,200,000 * 3.4\% = £40,800$

6. Early Years Block

- 6.1 Funding for **3- / 4- year olds** is based on a national formula calculated by the DfE. ESCC currently receives £4.61 per hour for every eligible 3 / 4 year old x 15hrs x 38 weeks. Local Authorities must pass through at least 95% of this funding directly to Early Years providers.
- 6.2 For 2023/24, the DfE are increasing the minimum base funding rate from £4.61 per hour to £4.89 per hour. ESCC are therefore proposing to pass this 28 pence increase onto providers and increase the rate paid to them from the existing rate of £4.33 per hour to £4.61 per hour.
- 6.3 ESCC will also pass through a statutory deprivation supplement to all eligible providers ensuring that at least 95% of funding continues to be passported to Early Years providers. DfE regulations allow LAs to retain 5% of the funding received, for 3 / 4 year olds, centrally in order to support the Early Years Team. Therefore, the funding rate to providers is less than the initial base rate that the LA receives.
- 6.4 For eligible **two-year-olds**, the DfE currently fund ESCC at £5.57 per hour. 100% of this funding must be (and is) passported to providers. The DfE are increasing the rate to £6.13 in 2023/24 and the rate paid to providers by ESCC will also increase to £6.13.
- 6.5 The Early Years **Pupil Premium** is additional funding for Early Years pre-school settings to improve the education they provide for disadvantaged 3- and 4-year-olds. This is currently funded by the DfE at £0.60 per hour per eligible child (up to a maximum 570 hours) but will increase to £0.62 per hour per eligible child for 2023/24.

- 6.6 The **Disability Access Funding** is for Early Years providers to support children with disabilities or special educational needs. It aids access to Early Years places by supporting providers in making reasonable adjustments to their settings. The DfE currently fund this at £800 per eligible child per year but are increasing it to £828 per eligible child per year for 2023/24.

Report to:	Schools' Forum
Date of meeting:	Friday 13 January 2023
Report By:	Alison Jeffery
Title:	School Improvement Monitoring and Brokering Grant
Purpose:	To provide an update on the proposals for managing the removal of the School Improvement Monitoring and Brokering Grant in East Sussex from 2023/24.

Recommendations:

1. Schools' Forum are asked to approve the proposal for a 'headteacher partnership contribution' to cover the costs of facilitating collaborative working, and to advise on which of the two options presented in 2.4 is preferred.
 2. Schools' Forum are asked to note that further savings will be made to the resource allocation for the Primary and Secondary Boards and within the Education Division to cover the loss of the school improvement monitoring and brokering grant.
-

1. Background

1.1 The school improvement monitoring and brokering grant has been allocated to local authorities since September 2017 to support local authorities in fulfilling their school improvement duties, including monitoring the performance of maintained schools, brokering school improvement provision, and intervening as appropriate. In the financial year 2022/23 East Sussex local authority received a grant of £217,200.

1.2 In January 2022 the Department for Education published a response to their consultation on removing the grant, ['Reforming how local authority school improvement functions are funded'](#). This response confirmed that the grant would be removed in full from financial year 2023/24 and that in future these functions will be funded from maintained school budgets through de-delegation.

1.3 A paper was presented to Schools' Forum in January 2021 about the proposed changes and advising that a further report will be brought to Schools' Forum setting out proposals for how the removal of the Grant from 2023-24 financial year will be managed.

2. Proposal

2.1 The Education Division leads for the local authority on our school improvement functions. The service has a range of responsibilities and is supported by funding from different sources, including government grants and local authority funding.

2.2 The local authority has worked with schools to develop a school-led system for improvement which sits alongside the delivery of the local authority's statutory school improvement duties. The EIPs and Area Groups, supported by the Boards, are the key mechanisms for schools to work together on improving practice and raising standards. We have started discussions with the Primary and Secondary Boards about the resources and capacity required to sustain the school-led system. Discussions in both phases are taking

place in January to scope out the delivery model for September 2023 and ensure that this can deliver sustained improvement in pupil outcomes. The school-led system in East Sussex is inclusive of local authority-maintained schools and academies.

2.3 These discussions sit alongside consideration of the government's ambition for all schools to become academies by 2030. Whilst the education white paper has now been withdrawn, discussions are continuing locally about the role that strong families of schools can play in ensuring that schools in East Sussex have a strong, sustainable future. We continue to work in a school system that is characterised by overlapping responsibilities and increasing pressure on resources. In this landscape, our partnership structures play an important role in holding the system together, avoiding further fragmentation and navigating future developments. Bringing school leaders together, by phase, across the academic year provides an important forum for shaping and delivering our shared ambitions for children's education.

2.4 The local authority recognises the financial challenges facing schools at this current time and is bringing forward a proposal to cover the loss of the £217,200 grant that does not request de-delegation from schools for the full amount. Schools are being asked for a contribution to cover a total of **£43,500**.

2.5 There are a range of costs associated with facilitating the school-led system and providing opportunities for school leaders to collaborate with each other and hear from expert speakers. The costs for this activity have been remodelled so that the following functions can be delivered for approximately £43,500 per annum:

- Chairing the Primary and Secondary Boards
- Chairing the 11-19 Headteacher meetings and Primary Headteacher meetings
- Venue and speaker costs for Primary Leadership conferences
- Venue and speaker costs for 11-19 Headteacher meetings

2.6 It is proposed that schools are asked to contribute to cover these costs through a 'headteacher partnership contribution'. There are two options for the cost per school:

- A flat fee of £250 per primary, secondary and all-thorough school
- A fee of £500 per secondary and all-thorough school and £200 per primary school in recognition of the larger budget shares of secondary and all-thorough schools.

The fee that each school would be charged under each option is attached at Appendix 1.

2.7 This model represents good value for money for school leaders and mirrors arrangements in other local authority areas for headteacher associations. It is proposed that the agreed amount is de-delegated from local authority maintained schools and that academy schools are asked to contribute through purchasing a 'headteacher partnership contribution' as a traded service through Services to Schools. There is a risk that not all academy schools make this purchase, and a review each year would be needed to assess the future sustainability and fairness of this model. Further discussion will be taken forward with Special School headteachers; we have not included special schools here but need to ensure that we maintain good collaborative working.

2.8 If this proposal for schools' contribution is agreed, the local authority would be required to make savings of £173,700 to cover the loss of the grant. These savings would be achieved through:

- efficiencies in the resource allocated to the Primary and Secondary Boards (to be agreed with school leaders for September 2023)
- savings within the Education Division on spend on project activity

3 Recommendations

3.1 Schools' Forum are asked to approve the proposal for a 'headteacher partnership contribution' to cover the costs of facilitating collaborative working, and to advise on which of the two options presented in 2.4 is preferred.

3.2 Schools' Forum are asked to note that further savings will be made to the resource allocation for the Primary and Secondary Boards and within the Education Division to cover the loss of the school improvement monitoring and brokering grant.
