

Introduction

Our Skills Development Pathway is a specific programme designed to ensure that you receive the best support to reach your potential.

The Skills Development Pathway is separate from existing services, and has a different focus and is the next step for those individuals who are seeking to become more independent.

The pathway aims to build upon and improve your current skills which could help lead on to employment opportunities.

This pathway will help you to identify your strengths and also things that you may need help to improve.

Depending on what you want and your current skills the pathway offers you an opportunity to attend a choice of either community based sessions or volunteering on projects that will provide opportunities that will assist you to train towards gaining a job.

Each individual will have a tailored training plan and assistance from trained staff who will work with you to help you to achieve your goals.
