

Summary of Objections not to uphold
Proposed Prohibition of Waiting Order On Various Roads in Buxted

Appendix 2

Objection	Officers response	Recommendation
<p><u>A272/Gordon Road junction (Site 1)</u> Concerned that the double yellow lines do not extend as far as to cover the objectors driveway</p>	<p>We have proposed double yellow lines around and directly opposite the A272 junction with Gordon Road. We do not cover private accesses with double yellow lines. The objector has been offered a free Access Protection Marking</p>	<p>Not to uphold the objection</p>
<p><u>Other site</u> The objector would like to see proposals for double yellow lines going northwards from the limited parking bays outside of the shops</p>	<p>This is a request for a new restriction all together</p>	<p>Not to uphold the objection, but to add this request to the list of sites held on file for future consideration</p>
<p><u>Entire package</u> The correspondent is querying why the Traffic Regulation Order is shown in metres instead of yards</p>	<p>It is our established procedure to advertise our Traffic Regulation Orders in metric. Imperial measurements have not been used in well over a decade</p>	<p>Not to uphold the objection</p>
<p><u>Other site</u> The correspondent is pleased to see the current proposals but would like Britts Farm Road to also be considered for double yellow lines.</p>	<p>This is a request for a new restriction all together</p>	<p>Not to uphold the objection, but to add this request to the list of sites held on file for future consideration.</p>
