District Tempro Factor 2011-2026

STAGE 1

Please input the ward name for your development location by double clicking in the box or click box and use the drop down menu to the right of the box. The spreadsheet will automatically show the District and Ward of this location. If the ward is not known please refer to <http://www.neighbourhood.statistics.gov.uk/dissemination/> and input postcode or search on Map viewer. Where Census data contains small samples for certain sized dwellings this is highlighted in red if <20, and green if <50 in the Total Demand column. In such cases, other wards should be selected to achieve a higher sample size, the tool allows for 3 wards. If there is still a low sample then the tool will automatically choose district/borough data.

The Parking Demand to East Sussex County Council Guidance. The tool uses the Tempro predicted development parking standard but a guidance document for development control.

STAGE 2

Please input the unit type, number of bedrooms, number of units of that type and number of allocated parking spaces
