

Work programme for Children's Services Scrutiny Committee

Future work at a glance

Updated: November 2017

This list is updated after each meeting of the scrutiny committee.

Items that appear regularly at committee	
<p>The Council's Forward Plan</p>	<p>The latest version of the Council's Forward Plan is included on each scrutiny committee agenda. The Forward Plan lists all the key County Council decisions that are to be taken within the next few months together with contact information to find out more. It is updated monthly.</p> <p>The purpose of doing this is to help committee Members identify important issues for more detailed scrutiny <i>before</i> key decisions are taken. This has proved to be significantly more effective than challenging a decision once it has been taken. As a last resort, the call-in procedure is available if scrutiny Members think a Cabinet or Lead Member decision has been taken incorrectly.</p> <p>Requests for further information about individual items on the Forward Plan should be addressed to the listed contact. Possible scrutiny issues should be raised with the scrutiny team or committee Chairman, ideally before a scrutiny committee meeting.</p>
<p>Committee work programme</p>	<p>This provides an opportunity for the committee to review the scrutiny work programme for future meetings and to highlight any additional issues they wish to add to the programme.</p>

Potential future scrutiny work

How schools are coping with change. The items listed below were originally added to the work programme in June 2017. However at its meeting in September 2017, the Committee agreed to defer consideration of these matters until early 2018 (when the Department will be in a better position to provide relevant information). The issues include a range of significant developments/issues which schools are currently dealing with. The Committee want to assess the potential impact of these developments on pupil attainment and school performance. The key changes the Committee discussed included:

- school funding issues, including data on school funding bids to the Strategic School Improvement Fund (SSIF) and the impact this is having on under-performing schools;
- the impact of the 'Federate First' programme (Federation First is a national campaign developed in 2016 by the National Governors Association to raise awareness of the advantages of federations to school improvement);
- issues relating to pupil attainment and school performance within different Key Stages and the implementation of the Assessment Without Levels assessment framework; and
- Whilst the Committee is interested in developing a clearer understanding of the impact of the key changes it has identified on all types of school within East Sussex, Members also have a specific interest in the sustainability of small schools.
- how schools are now increasingly making decisions regarding which services they purchase and the impact this main have on may have on performance and attainment.

At its meeting in September 2017, the Committee also asked that the following matters are added to the work programme:

- **Key Stage 4 outcomes.** With regard to the Assessment Without Levels report, that the Committee's are supplied with the outcomes at Key Stage 4 once the national data is available.
- **Home Education.** The issue of the increase in the numbers of children being home educated is added to the 'potential future scrutiny review' section.
- **Attainment and Performance.** In recognition of the proposed discontinuation of the Education Performance Panel, that wording is added to the work programme to reflect the Committee's interest in continuing to scrutinize attainment and performance.
