- 2. After consultation with the Assistant Chief Executive to serve any notices and to exercise the powers of the County Council to authorise direct action or institute legal proceedings relating to:
 - (a) interference with or obstruction to or nuisance on any highway or land adjoining a highway; and
 - (b) a failure to comply with any prohibition or requirement of the Highways Act 1980, New Roads and Works Act 1991 (Part 3), the Traffic Management Act 2004, National parks and access to the Countryside Act 1949, Wildlife and Countryside Act 1981, Dangerous Dogs Act 1989 or Builders' Skips (Markings) Regulations 1984.
- 3. (a) After consultation with the Assistant Chief Executive, appropriate District Council and local member (save in the case of temporary traffic restrictions), to make, give consent or object to the making of, apply or confirm any order under the provisions of the Highways Act 1980 (as amended), the Wildlife and Countryside Act 1981, the Road Traffic Regulation Act 1984 (as amended), the Town and Country Planning Act 1990, the Parking Act 1989 and the Rights of Way Act 1990, the Traffic Management Act, New Roads Works and Streets Act 1991, Countryside and Rights of Way Act 2000, Cycle Track Act 1984.

Comment [ES1]: Paragraph 1(a)Additional text added for clarification purposes.

Comment [ES2]: Paragraph 3(a)
Currently, the Scheme of Delegation
has no provision for allowing Orders
under the Cycle Track Act to be sealed
under delegated authority. This means
that all such decisions currently have to
be considered and determined by the
Lead Member for Transport &
Environment. With the decision to be
taken not being contentious, it results in
an inefficient use of officers and
Members time and delay in the
process. Such a change will ensure
consistency with Orders made under
other Acts.

- (b) To make provision for the regulation of traffic, pursuant to the County Council's statutory powers, where formal orders are not required.
- (c) To authorise the Assistant Chief Executive to make temporary traffic orders without recourse to the consultation procedure.
- 4. To approve, from time to time, a schedule of prospectively maintainable highways under the New Roads and Street Works Act 1991.
- To authorise the entering into of agreements with developers under Sections 38 and 228 of the Highways Act 1980 and to exercise the powers of the County Council with respect to the formal adoption of private streets generally.
- To authorise the entering into of any agreements under the Highways Act 1980 including (but not limited to) agreements under Sections 6 and 278 of that Act
- 7. To authorise entry onto any land, including for the purpose of survey and to place or leave on or in that land any apparatus for use in connection with that survey.
- 8. To exercise the discretionary powers of the County Council under the Land Compensation Act 1973 (as amended) and the Noise Insulation Regulations.
- After consultation with the Assistant Chief Executive to serve notices of exemption from the Advance Payments Code (Private Street Works) in appropriate cases where this would not prejudice the County Council.
- 10. To object, when appropriate on highway grounds, to applications to local licensing authorities for licences for goods vehicle operating centres.
- 11. To undertake the powers and duties of the County Council as Enforcement Authority under the Reservoirs Act 1975, including the service of formal notices and the authorisation of legal proceedings.
- 12. (a) In consultation with the Assistant Chief Executive, to grant permits under Section 115(E) of the Highways Act 1980 for the carrying out of trading and similar activities on footways and pedestrianised areas, in cases of unopposed applications.
 - (b) To deal with consultations by district councils exercising their own powers under Section 115(E) of the Highways Act 1980 and to give consent to the exercise of such powers.
 - (c) To authorise payment terms and associated conditions where permits are issued under Section 115(E) of the Highways Act 1980 for trading and similar activities on footways and

pedestrianised areas, in cases where the Highways Authority is the owner of the land.

- 13. After consultation with the Chief Operating Officer, to amendincrease the fee for the service provided by the County Council in answering highway enquiries on the CON29 Enquiries of Local Authority Form, based upon current costs.
 - 14. To determine the need for on-street parking bays for blue badge holders close to their residences, in terms of traffic problems.
 - 15. To sign controlled waste transfer notes under the Environmental Protection Act 1990 and the Environmental Protection (Duty of Care) Regulations 1991 in respect of waste transferring between the County Council and another party.
 - xx. After consultation with the Assistant Chief Executive, to determine claimed public rights of way pursuant to Section 53(5) of the wildlife and Countryside Act 1981.

Public Transport

- 16. (i) To arrange such consultations as appear to him to be appropriate following the notification by an operator of an intention to change a local bus service.
 - (ii) To take steps to provide for the provision at short notice of temporary gap filling journeys where an operator withdraws from a route.
 - (iii) To award contracts, within established guidelines and policy, to the lowest tenderer.
 - (iv) On behalf of the County Council, to enter into a 'de minimis' arrangement with an operator, subject to being satisfied that the particular arrangement is both appropriate and the most cost effective means of securing the provision of a journey.
 - (v) To approve requests for fares increases on supported services which are broadly in line with the general level of inflation.

Development Control

17. To determine all applications for planning permission which fall to be determined by the County Council where the proposal is considered to be in accordance with the development plan and current planning policies except where two or more objections on planning grounds have been received within the statutory consultation period from neighbouring occupiers or from statutory consultees.

Comment [ES3]: Paragraph 13 From time to time, the questions asked through the CON29 Enquiries are amended. Time recording exercises are then undertaken to attribute a cost in answering each question. This can result in the fees for responding to the CON29 Enquiries being increased or decreased, hence the change being made.

Comment [ES4]: Additional paragraph This has been moved from the delegated powers that sat with the Assistant Chief Executive as it is a function that sits within the CET directorate. This has been agreed with Legal Services.

Comment [ES5]: Paragraph 17 Changes made to reflect current practice. The Council considers and treats representations made after the statutory consultation period, but prior to a decision being taken, in the same manner as representations made within 21 days - hence the deletion of the word "statutory". In addition, planning applications that receive two or more objections are referred to the Planning Committee, irrespective of who has made the representation. These changes will also ensure consistency with the delegated arrangements for applications for Listed Building Consent.

(a) To determine, where there are less than 2 objections relating to siting and/or appearance, the determination of (a) whether or not prior approval is required and (b) whether or not prior approval is granted in relation to applications made under Part 1624 of Schedule 2 of the Town and Country Planning (General Permitted Development) Order 20151995.

- 23. To provide observations on behalf of the County Planning Authority to the

Comment [ES6]: Paragraph 18 This has been added for clarification purposes. Applications to discharge planning conditions are currently determined under delegated authority in accordance with paragraph 17. However, this provision has been added in order to make it explicitly clear that delegated authority is provided for determining applications to discharge planning conditions.

Comment [ES7]: Additional paragraph The Environment Act requires the periodic review of all extant minerals planning permissions. The principle of these schemes are not reviewed (i.e. whether planning consent should have been granted or not), but the conditions attached to the permission are. Currently, such applications are determined under the delegated powers set out in paragraph 17. However, this provision has been added in order to make it explicitly clear that delegated authority is provided for such determinations

Comment [ES8]: This additional paragraph was inserted into the Scheme of Delegation following consideration and approval by the Governance Committee (19 September) and Full Council (17 October). Its inclusion is therefore not subject to this report.

Comment [ES9]: Delete paragraph 23 Such applications are no longer referred to the Government.

Comment [ES10]: Paragraph 24
Added for completeness purposes.

Comment [ES11]: Delete paragraphs 25 and 26 These provisions were relevant to when the County Council had a strategic planning function, in terms of producing and reviewing the implementation of the County Structure Plan. Such a function no longer exists and therefore these responsibilities are no longer exercised.

Comment [ES12]: Delete paragraph 28 See previous comment for the reason for deletion.

Other Matters

Date published: November 16

Comment [ES13]: Paragraph 37
Currently there are a number of incidences where consultation is required with the relevant Local Member and Chair of the Planning Committee to agree to changes to \$106 agreements (normally regarding Affordable Housing) that do not affect the County Council's interests and statutory functions. Such consultation can delay the process of agreeing to the changes, which is deemed unreasonable where the provision does not affect the County Council.

Comment [ES14]: Paragraph 38 The changes made here reflect the cessation of the Agency Agreement with the South Downs National Park Authority, but provide for any necessary delegated authority should a similar such agreement be put in place with another Planning Authority at any point in the future. Such an example could include determining school applications, which would not be considered County Council developments, on behalf of the relevant District and Borough Council's in East Sussex.

Comment [ES15]: Paragraph 39 and additional paragraph Changes have been made to reflect the abolition of Structure Plans and the introduction of Neighbourhood Planning, as part of the statutory Development Plans, through the Localism Act.

Comment [ES16]: Additional paragraph Both of these documents are required to be produced on an annual basis and report on data and information collated for a prescribed monitoring period. They do not propose Council policy and are not subject to any formal consultation. Hence, it is deemed appropriate that approval to publish the documents is made under delegated authority.

Comment [ES17]: Additional paragraph The Local Development Scheme (LDS) sets out the timetable for producing/reviewing plans that will become part of the County Council's Waste and Minerals Development Plan. Periodically the LDS needs to be updated to reflect changes to the timetable. In order to expedite this process, it is recommended that delegated authority is provided to publish such updates and amendments.

- 47. To exercise the County Council's powers and duties under orders and regulations made under the Plant Health Act 1967 (includes Dutch Elm Disease).
- 48. After undertaking appropriate consultations, to decline the offer of an access agreement between the County Council and the landowner in respect of woods which clearly have insignificant recreational value.
- 49. To make arrangements for the transport of pupils and students to school or college where there is a statutory duty or it is the policy of the County Council to provide such transport.
- 50. To discharge any function relating to the control of pollution or the management of air quality.

Comment [ES20]: Paragraphs 55 to 57 and additional paragraphs These paragraphs relate to the duties performed by the Lead Local Flood Authority, a role that the County Council was given through the Flood and Water Management Act 2010. These additions and amendments reflect how this role has evolved over the previous few years and what is now a thorough understanding of what is required (e.g. the need for updates to be prepared to the Preliminary Flood Risk Assessment). The delegated authority concerning matters to do with enforcement and planning consultations has been made consistent with those delegated powers provided to the County Planning Authority.

Comment [ES21]: Paragraph 61
ESCC manage the East Sussex Arts
Partnership grant scheme, which is a
flat rate grant of £500. These are the
only grants that ESCC award for the
Arts. However, the fund is a cross local
authority pot which ESCC no longer
contribute to. With this being the case,
consultation with the relevant ESCC
Cabinet Member is not considered to
be appropriate as ESCC is only acting
as administrator.

Comment [ES22]: Additional paragraph This addition would be in the case of where an owner of land applies to ESCC to register land as Town or Village Green. ESCC, as registration authority, simply accept that application and have no powers to refuse it. In addition, no consultation, or investigation is included in the process. At present, all such decisions have to be referred to The Village Green Panel (made up of Members from the ESCC Regulatory Committee), even though there are no choices for what decision is taken.

(b) To convene a panel of three members, drawn from the membership of the Regulatory Committee, to review decisions made by the Proper Officer for Registration under the Marriage (Approved Premises) Regulations 1995.

Note: The Head of Trading Standards is the Chief Inspector of Weights and Measures.

Comment [ES23]: Moving existing paragraphs This section has been moved from the delegated powers to the Chief Executive to the delegated powers to the Director of CET. This is to reflect that Registration Services is now part of the CET directorate
