Transport Hub Services	Reduced staffing capacity may result in a reduction in the overall level of service in the Transport Hub. This may mean answering public queries and our ability to resolve problems with bus operators and transport providers will be slower. This could increase public dissatisfaction and complaints to the Council.	1,525	594	0	100	0	100	-	-									
Rights of Way Services	We will provide a reduced footpath clearance focused on those priority / popular routes resulting in a deterioration in the condition of other paths. Staff reductions may also lead to delays and longer timescales for dealing with requests for Definitive Map modifications and requests for footpath diversions which may result in an increase in public dissatisfaction and complaints to the Council.	1,173	683	0	100	0	100		-

Support to schools and pupils																
Schools Learning and Effectiveness Service (SLES): promote high standards	Reduce the support provided to prevent failure in schools causing concern. Limited support only for schools that have failed in terms of performance, leadership and governance or financial matters. Significantly reduce the support to develop school partnerships or move to academy status. This could mean pupil attainment will not improve and may decline.	911	172	124	7	0	131	-	-							
SLES: Performance monitoring	Reduce staffing and management capacity for performance monitoring across maintained and academy schools, only light touch monitoring where risk of serious failure has been brought to attention of LA. This could reduce-the proportion of good or outstanding schools.	3,993	2,112	725	403	0	1,128	-								
SLES: Clerking Service	Remove the clerking service. This will mean schools will need to recruit, train and pay for their clerking service.	1,523	165	158	0	0	158									у
I-Send: EHCP Assessment Services	Reduced staffing capacity may mean the process for completing statutory assessments will be slower. This could increase parental dissatisfaction and complaints to the Council and LGO. We will reduce the number of high cost placements that we challenge at tribunals and significantly reduce the proportion of annual reviews we attend.	28,597	862	0	188	0	188		-							
I-Send: Inclusion Services	From 2020/21 statutory duties in relation to attendance will be met wholly through DSG. This will reduce the number of families we work with to improve attendance and may lead to an increase in pupil absence from schools.	9,364	1,061	0	19	0	19	-	-							
Early Years: Inclusion Services	No support to schools and early years providers to promote inclusion and share best practice. This may increase the proportion of pupils who are referred for statutory assessment, it may increase the proportion of pupils with EHCPs. We will need to continue to monitor the long term spend in SEN budget as the decisions made could have an impact throughout pupils' education.	27,746	326	0	85	0	85		-							
Home to School Transport	Further reduction in funding provided to colleges to support disadvantaged pupils attending college and reduction in Independent Travel Training spend.	12,115	11,551	42	0	0	42	-	-

Children's Social Care																
Safeguarding Services	We will no longer be offering some additional training and preventative services that social workers can currently access to work with children and families – this will include stopping Family Group Conferences (family meetings) when children are subject to Child Protection Plans, the ACT service which is an assertive outreach service for young people aged 16-24 who are at risk of or being exploited criminally, the problem solving team which supports the Family Drug and Alcohol Court and Video Interactive Guidance which helps parents who are already in difficulty learn how to respond better to their children. In addition some activity will be reduced including assessment of families who are going through court proceedings and the Foundations Project which works with families who have already had children removed from their care. The impact of these reductions is likely to mean that more children may become subject to Child Protection Plans or enter or stay longer in the care system.		38,105	0	586	268	854	-								
Early Help	A review is underway which will be the subject of consultation, but is it likely to result in working with fewer families and focussing our support to those families most at risk of social care intervention and the problems that are most likely to lead to crisis (mental health, substance misuse and domestic violence).	9,592	5,652	0	1,049	0	1,049	-		-	-		-

Working Age Adults: Nursing, Residential and Community Based services	Review care packages to ensure these are focused on those with Care Act eligible needs and deliver support in the most cost effective way. The average spend on Working Age Adults is significantly higher in East Sussex than in other south east councils. The intention is to deliver an overall level of support which is fair, reflects need and achieves a level of spend comparable to other councils. Any decisions to change care arrangements will be dependent on reviews that take account of a clients individual circumstances. Some clients may however have their support reduced or removed.	62,332	49,031	247	248	0	495	-	-	+/-	+/-	+/-	+/-	+/-	+/-			
Meals in the Community	The proposal is to withdraw the subsidy that support clients to pay for their meals. Clients would now pay the full cost of this service. A range of options are available within the market to ensure that vulnerable adults can access good quality, nutritious meals. Clients would continue to be signposted and supported to access these services.	483	483	483	0	0	483		-	+/-	+/-	+/-	+/-	+/-	+/-

Summary of Equality Impact Assessment for RPP&R 2019/20

Equalities Implications

Following the introduction of the Equality Act 2010 ('the EA') a public authority must, in the exercise of its functions, have due regard to the need to –

- (a) eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under the EA;
- (b) advance equality of opportunity between persons who share a relevant protected characteristic (as defined by the EA) and persons who do not share it:
- (c) foster good relations between persons who share a relevant protected characteristic and persons who do not share it.

The protected characteristics set out in the EA are as follows:

- Age
- Disability
- Gender Reassignment
- Pregnancy/ maternity
- Race
- Religion or Belief
- Sex
- Sexual Orientation
- Marriage and civil partnership are also protected characteristics for the purposes of the duty to eliminate discrimination.

Prior to making a decision as to which savings proposals should be agreed in the budget, Members must have due regard to the Equality Duty contained in Section 149 of the EA.

Having "due regard" does not necessarily require the achievement of all the aims set out in section 149 of the EA. Instead it requires that Members' understand the consequences of the decision for those with the relevant protected characteristics and consider these alongside other relevant factors when making the decision to pursue one course of action rather than another, alternative, course of action that may have different consequences. The regard which is necessary will depend upon the circumstances of the decision in question, and should be proportionate. Even though not all decisions will be made about which saving proposals to pursue at this stage it is necessary for the Council to begin to understand the potential impacts.

This means that in setting the Budget, the three equality aims set out above must be considered as a relevant factor alongside financial constraints and all other relevant considerations. Members' must have in mind the equalities impacts, and in particular the negative impacts, that agreeing savings will have for those with protected characteristics. Despite maximising efficiency and exploiting new ways of working, the business planning process for 2018/19 and beyond requires difficult choices to be made both within and between portfolios and services.
