Sussex Joint Health Overview and Scrutiny Committee (JHOSC)	<p>A JHOSC is in the process of being established to consider potential future substantial variations in service (SViS) resulting from both the Clinically Effective Commissioning (CEC) programme and the Sussex Health and Care Partnership, although no specific SViS have yet been confirmed.</p> <p>The JHOSC is expected to be established by each of the relevant local authorities ahead of consideration of any SViS. The East Sussex HOSC approved its establishment in November 2018.</p> <p>Membership: Cllrs Belsey, Pragnell and Osborne and Geraldine Des Moulins</p>	Ongoing

Walk-in Centre at Eastbourne Station	<p>The Committee agreed in March 2018 that proposals to establish UTCs by relocating the walk-in centres from Eastbourne Station and Station Plaza in Hastings to the Eastbourne District General Hospital (EDGH) and Conquest Hospital, respectively, constituted a 'substantial variation to health services' requiring the Clinical Commissioning Groups (CCGs) to formally consult with the Committee.</p> <p>The Committee established a Review Board to consider the proposals in more detail and consider the outcomes of the proposed public consultation. The development of the proposals was paused pending review in June 2018 and restarted at the end of 2018.</p> <p>Following a period of engagement with stakeholders and two meetings with the HOSC review board, the CCGs' submitted revised proposals for Hastings Station Plaza to their Governing Bodies on 25 September 2019, whilst continuing to develop its plans for Eastbourne Station.</p> <p>The HOSC agreed at its 26 September meeting that the revised proposals relating to Hastings Station Plaza no longer constitute a substantial variation in services. The Committee is expected to consider the revised proposals for Eastbourne Station Walk-in Centre in early 2020.</p> <p>Membership: Cllrs Belsey (Chair), Turner, Barnes, Morris and Jennifer Twist</p>	2020 TBC
