44 EASTBOURNE TOWN CENTRE MOVEMENT & ACCESS PACKAGE - PHASE 2

44.1 The Lead Member considered a report by the Director of Communities, Economy and Transport, together with a written question from Councillor David Elkin about the security of the SELEP funding, and the response from officers.

DECISIONS

- 44.2 The Lead Member RESOLVED to (1) Approve the publication of the Eastbourne Town Centre Movement & Access Package Phase 2 public consultation report; and
- (2) Approve Eastbourne Town Centre Movement & Access Package Phase 2 entering detailed design and construction stages as set out within the 2020/21 Capital Programme of Transport Improvements.

Reasons

- 44.3 Phase 2 of the Eastbourne Town Centre Movement and Access Package focuses on the section of Terminus Road between Bankers Corner and Langney Road. The scheme, funded using £3m of Local Growth Fund monies approved by the SELEP's Accountability Board in February 2019, will build on the recent investment made in Phase 1 which has improved the environment for pedestrians and public transport users in the northern section of Terminus Road, Cornfield Road and Gildredge Road.
- 44.4 Following a public consultation in November and December 2019, there was overall support for the Phase 2 proposals, with most respondents feeling that the plans would achieve the scheme objectives and improve the town centre environment. All feedback received during the Phase 2 public consultation has been evaluated and shows public and stakeholder support for the Phase 2 proposals.
