## ***RECOMMENDATIONS***

**The Board is recommended to consider and comment on the East Sussex Safeguarding Children Partnership Annual Report for 2020-2021.**

---

### **1 Background**

1.1 [Working Together to Safeguard Children](#) 2018 sets out the arrangements for cooperation between organisations and agencies to improve the wellbeing of children. This places a duty on police, clinical commissioning groups and the local authority to make arrangements to work together, and with other partners locally, to safeguard and promote the welfare of all children in their area. The previous arrangements of the East Sussex Local Safeguarding Children Board (LSCB) was replaced with the East Sussex Safeguarding Children Partnership (ESSCP) from 1<sup>st</sup> October 2019. More information on the partnership arrangements is available here: [East Sussex Safeguarding Children Partnership Arrangements](#).

1.2 In order to bring transparency for children, families and all practitioners about the activity undertaken by the Children's Safeguarding Partnership, Working Together 2018 sets out that the safeguarding partners must publish a report at least once in every 12-month period. The report must set out what they have done as a result of the arrangements, including child safeguarding practice reviews, and how effective these arrangements have been in practice.

1.3 The 2020/21 ESSCP Annual Report focuses on the partnership priorities, a review of the partnership arrangements and considers the emerging impact of the partnership on children and young people.

### **2 Supporting information**
