## RECOMMENDATIONS

The Board is recommended to:

- note the following Internal Audit reports:
    - Pension Fund Governance 2021/22 (Appendix 1);
    - Pension Fund Compliance with Regulatory Requirements 2021/22 (Appendix 2); and
    - The Implementation of Altair (Appendix 3);
  - consider and comment on the 2022/23 Internal Audit Strategy for Pensions and Annual Plan (Appendix 4).
- 

### 1. Background

1.1 The reviews of:

- Pension Fund Governance 2021/22 (Appendix 1);
- Pension Fund Compliance with Regulatory Requirements 2021/22 (Appendix 2); and
- The Implementation of Altair (Appendix 3)

were completed as part of the Internal Audit Strategy for Pensions 2021/22 and provide assurance on the overall effectiveness of their respective systems' controls.

1.2 As a result of our work on Pension Fund Governance 2021/22, we were able to provide an opinion of **Reasonable Assurance** over the controls in place, as we did in the previous year. The report contains three medium- and low-risk findings, which reflect the limitations of a single fund to be able to influence the governance arrangements of the ACCESS Pool. The East Sussex Pension Fund (ESPF) is continuing to work with the ACCESS Joint Committee to strengthen the Pool's governance arrangements. Actions have been agreed with management to address these issues.

1.3 Following our work on Pension Fund Compliance with Regulatory Requirements 2021/22, we were able to provide an opinion of **Substantial Assurance** over the controls in place and there are no findings to report. Last year's report also gave Substantial Assurance but with three findings.

1.4 The third report is on the Implementation of Altair. As no issues were identified in our work that had not also been identified, and reported, in other audits, there are no findings - and corresponding actions - in this report. Similarly, no audit opinion is given because these findings have already influenced the audit opinions of other audits.

1.5 The Council's Internal Audit Strategy for Pensions 2022/23 sets out the approach Internal Audit takes when planning its assurance on the effectiveness of controls over the ESPF. It sets out the risks inherent in administering a large and complex scheme so that audit resources may be focussed on areas where these risks are highest. The new Strategy reflects the transfer of administrative function and, for the first time, contains separate audits of the collection of contributions and the payment of benefits. These areas were both previously covered under the Pension Administration – People, Processes and Systems audit.

1.6 Input has been sought from officers responsible for running the Scheme and from the Chairs of both the Pension Board and the Pension Committee and their contributions have been fed into the draft Strategy.

## **2. Conclusions and Reasons for Recommendation**

2.1 The Pension Board is:

- recommended to note the Internal Audit reports; and
- requested to consider and recommend the Internal Audit Strategy for Pensions 2022/23 to the Pension Committee for its approval.
