Dear Mrs Margoum

Thank you for sight of the councils' joint statement.

We agree that the survey material contained in annexe 2 is good evidence of present use and commend it to the inspector. It might have been helpful if this had been provided up front.

We acknowledge the evidence of significant open space provision in the new developments near the replacement land.

We note the legal advice that the district council acquired the replacement land other than under the 1906 Act.

We note that the county council will join in the application for the purposes of the replacement land.

We therefore are content that the application should proceed to a determination, and that the society's representations should be placed before the inspector. We do not, however, wish to characterise our representations as continuing to amount to an 'objection' to the application being granted, subject to the county council joining in the application.

Yours sincerely
