

Equality Impact Analysis Template

Equality Impact Analysis (EqIA) (or Equality Impact Assessment) aims to make services and public policy better for all service-users and staff and supports value for money by getting council services right first time.

We use EqIAs to enable us to consider all relevant information from an Equality requirements perspective when procuring or restructuring a service or introducing a new policy or strategy. This analysis of impacts is then reflected in the relevant action plan to get the best outcomes for the Council, its staff and service-users.

EqIAs are used to analyse and assess how the Council’s work might impact differently on different groups of people. EqIAs help the Council to make good decisions for its service-users, staff and residents and provide evidence that those decision conform with the Council’s obligations under the Equality Act 2010.

Title of Project/Service/Policy	Libraries Capital Program 24-25 Seaford Library
Team/Department	Library and Information Service
Directorate	Communities, Economy & Transport
Provide a comprehensive description of your Project (Service/Policy, etc.) including its Purpose and Scope	<p>In 2024-25 the service will undertake the partial refurbishment of Seaford library focusing on redecoration and newly fitted furniture, fixtures, and equipment to allow more flexible use of the library space and provide additional meeting room/ activity. The redundant café will also be retrofitted into a bookable meeting room to accommodate the LIS team, but also available for public hire. The proposed works will be undertaken in accordance with the Council’s Capital Strategy which states investment will be undertaken in order to maintain libraries in a safe and suitable condition from which to deliver the outcomes of the Libraries Strategic Commissioning Strategy (LSCS).</p> <p>For further information on the analysis undertaken please refer to Technical Appendix 1 of the Strategy– Needs Assessment in the new strategy.</p>

Initial assessment of whether your project requires an EqlA

When answering these questions, please keep in mind all legally protected equality characteristics (sex/gender, gender reassignment, religion or belief, age, disability, ethnicity/race, sexual orientation, marriage/civil partnership, pregnancy and maternity) of the people actually or potentially receiving and benefiting from the services or the policy.

In particular consider whether there are any potential equality related barriers that people may experience when getting to know about, accessing or receiving the service or the policy to be introduced or changed.

Discuss the results of your Equality assessment with the Equality Lead for your department and agree whether improvements or changes need to be made to any aspect of your Project.

	Question	Yes	No	Don't Know
1	Is there evidence of different needs, experiences, issues or priorities on the basis of the equality characteristics (listed below) in relation to the service or policy/strategy area?	Yes		
2	Are there any proposed changes in the service/policy that may affect how services are run and/or used or the ways the policy will impact different groups?	Yes		
3	Are there any proposed changes in the service/policy that may affect service-users/staff/residents directly?	Yes		
4	Is there potential for, or evidence that, the service/policy may adversely affect inclusiveness or harm good relations between different groups of people?		No	
5	Is there any potential for, or evidence that any part of the service/aspects of the policy could have a direct or indirect discriminatory effect on service-users/staff/residents?		No	
6	Is there any stakeholder (Council staff, residents, trade unions, service-users, VCSE organisations) concerned about actual, potential, or perceived discrimination/unequal treatment in the service or the Policy on the basis of the equality characteristics set out above that may lead to taking legal action against the Council?		No	
7	Is there any evidence or indication of higher or lower uptake of the service by, or the impact of the policy on, people who share the equality characteristics set out above?	Yes		

If you have answered "YES" or "DON'T KNOW" to any of the questions above, then the completion of an EqlA is necessary.

The need for an EqIA will depend on:

- How many questions you have answered “yes”, or “don’t know” to;
- The likelihood of the Council facing legal action in relation to the effects of service or the policy may have on groups sharing protected characteristics; and
- The likelihood of adverse publicity and reputational damage for the Council.

Low risk	Medium risk	High risk
x		

1. Update on previous EqlAs and outcomes of previous actions (if applicable)

What actions did you plan last time? (List them from the previous EqlA)	What improved as a result? What outcomes have these actions achieved?	What <u>further</u> actions do you need to take? (add these to the Action Plan below)
Not applicable: no previous EqlA on these proposals		

2. Review of information, equality analysis and potential actions

Consider the actual or potential impact of your project (service, or policy) against each of the equality characteristics.

Protected characteristics groups under the Equality Act 2010	What do you know? Summary of data about your service-users and/or staff	What do people tell you? Summary of service-user and/or staff feedback	What does this mean? Impacts identified from data and feedback (actual and potential)	What can you do? All potential actions to: • advance equality of opportunity, • eliminate discrimination, and • foster good relations
Age	<p>Data from our latest strategy states that 45% of regular adult visitors to libraries in East Sussex are aged 65 and half are retired.</p> <p>We also have results from the Oct 2021 Plus survey (undertaken every three years). Please note this survey is undertaken with all those physically visiting a library, therefore does not take into account those accessing e-offers and resources. 33% of visitors to the library during the</p>	<p>For some older residents, visiting the library and engaging with staff may be one of a few, if not the only, interaction during their day. The role of the library building and overall service is to provide an inclusive environment and provide services that encourages older residents to continue visiting.</p> <p>Older residents have advised that the library service is one of few places they can receive the advice and assistance they require to</p>	<p>Given that almost half of frequent users of libraries are aged 65 and over, those in this age category have the potential to be disproportionately affected by the changes to the building as a result of delivering the capital program. However older people (aged 75+), are likely to be most affected by the changes due to the increased likelihood of reduced mobility. Changes to the internal layout of the library building must take this into account when</p>	<p>Accessibility – an access audit will be undertaken as part of assessing the proposed works. This will include a review of physical accessibility to the library space.</p> <p>Stock will be assessed by the librarian team as part of the refurbishment to understand how it is used by local residents. The internal fit out of the library will ensure that stock is not placed too low (or too high) meaning that certain age groups would struggle to access stock. Stock editing will</p>

Protected characteristics groups under the Equality Act 2010	What do you know? Summary of data about your service-users and/or staff	What do people tell you? 	surveying period were aged 65-74. With 13% aged 35-44 and 11% aged 55-64 respectively.	access materials or services that are solely available online. Therefore access to our public computers remains key to customers in this age group. Young adults (16 – 24-year-olds) disproportionately underuse the library service. Having sought feedback from younger stakeholders, they would like to see the LIS provide wider range of materials regarding mental health support as well materials relating to environmental concerns. This is an issue recognised nationally by library services.	planning and designing the space. Those aged 75+ are also known to be less likely to use the internet, and therefore the eLibrary, due to a lack of skills. Age is a key factor in people’s level of digital skills and therefore use of the internet. Buildings must therefore continue to access public computers as well as facilitate space for training (e.g. IT for You) to enable older residents to access resources provided within the building.	take place of unused or out of date material and replaced with stock suited to the reader base of the area. Stock reports will be undertaken to carry out this work effectively and aim to better meet the needs of customers. Please refer to Plus data excel sheet for detailed age breakdown of users. Access to computers and space for training will continue to be available.

				both fitout and construction.
Gender reassignment	No data available from previous surveys.	No feedback received from service users or staff.	The LIS is committed to making trans-inclusive spaces. Given lack of current information, the service will explore this characteristic further and take this into account with any proposed capital works going forward.	The LIS will continue to work with local and national partners to ensure the service provides a welcoming environment for transgender and non-binary people. The LIS team support the corporate LGBTQ+ group with team members within the group and staff in libraries wearing lanyards where possible. We will showcase events that are inclusive and continually review how we operate to support these groups within our communities in line with

Protected characteristics groups under the Equality Act 2010	What do you know? Summary of data about your service-users and/or staff	What do people tell you? 				the Libraries Connected universal calendar. We will create inclusive book displays and signpost to events across the county, bringing in partners and VSCE groups to support. All toilets are gender neutral and will continue to be so after the refurbishment.
Pregnancy and maternity	No data available from previous surveys.	For individuals in this category, the access and use of lifts within library buildings is critical. For Seaford the layout and position of the children's library will be re-considered to ensure ease of access. The redundant café on the ground floor will be reviewed to understand whether a children's area	Easy access to seating to rest/ feed babies is important to provide throughout. Any mother/ parent or carer can feed their baby in a library at any time. Comfy seating is provided, and seating in the foyer of the building is accessible. There is no	We will continue to work with colleagues in Property to ensure that lifts are serviced in accordance with the term maintenance program and endeavour to fix issues promptly as and when they arise. The revised library layout will include a complete re-design of the

Protected characteristics groups under the Equality Act 2010	What do you know? Summary of data about your service-users and/or staff	What do people tell you? Summary of service-user and/or staff feedback	What does this mean? Impacts identified from data and feedback (actual and potential)	What can you do? All potential actions to: <ul style="list-style-type: none"> • advance equality of opportunity, • eliminate discrimination, and • foster good relations
		would be better positioned. The service will retain an open plan floor to support easy access with buggies/ pushchairs.	requirement to use the library, carers can sit and feed a child as needed.	children's area of the library and aim to improve access and events (such as Rhymetime and Storytime) for young children.
Race/ethnicity Including migrants, refugees and asylum seekers	The response rate from all white respondents to 2018's PULSE survey was 96%. This is a similar figure to Seaford's three Middle Layer Super Output Area results, averaging 95.5% over the three areas. (Census data from 2021). The Plus Survey in Oct 2021 found that 96% of Seaford respondents were White British. These three datasets are helpful in understanding the responses of the local	Feedback from schemes the LIS have initiated, including the work with refugees based at Hastings Library, has been overwhelmingly positive. Hastings and Eastbourne have higher pockets of residents with English as an Additional Language (EAL). These are our busiest libraries, so we will endeavour to facilitate sessions in our buildings for this cohort.	The LIS Capital Program is not considered to have an impact for library users from different ethnic backgrounds as buildings will continue to offer flexibility of space for any planned library initiatives. Key to thoughtful and considered design is how we can better accommodate activities and events within Seaford to further support the Library Strategy's aims for the next four years.	Consider future possible activities in the delivery of LSCS and ensure that buildings are fit for purpose. At Seaford the aim is to reconfigure seating and shelving areas to better support groups by redefining uses of space. By supplying more study spaces, pods, moveable furniture the Service can continue to support activities and encourage groups to use the library to host activities. Meeting

Protected characteristics groups under the Equality Act 2010	What do you know? Summary of data about your service-users and/or staff	What do people tell you? Summary of service-user and/or staff feedback	What does this mean? Impacts identified from data and feedback (actual and potential)	What can you do? All potential actions to: <ul style="list-style-type: none"> • advance equality of opportunity, • eliminate discrimination, and • foster good relations
	<p>surveys and the wider demographic profile.</p> <p>During the development of the Libraries Strategic Commissioning Strategy in 2018, a need was identified to support reading and literacy among refugee families in some communities. The service is aware of an increasing requirement to work with people of different races and ethnicities.</p> <p>Adequate agile spaces in buildings will continue to be important to deliver key outcomes of the LSCS.</p>	<p>Funding has been secured for Librarian work to support these groups for a period of two years. This work will span across the county and the individual will work with colleagues to support/ target in-need groups, sitting within the corporate Migrant Officer Group gaining support from corporate services and VCSE groups as needed.</p> <p>EAL stock can be delivered E.g. Libraries are supporting Ukrainian refugees with books, resources responding to the sponsoring scheme.</p>		<p>rooms can be booked by partners and community groups at a very low cost, it is hoped that by improving opportunities with layout that these will be more attractive to groups within the area.</p>

Protected characteristics groups under the Equality Act 2010	What do you know? Summary of data about your service-users and/or staff	What do people tell you? Summary of service-user and/or staff feedback	What does this mean? Impacts identified from data and feedback (actual and potential)	What can you do? All potential actions to: <ul style="list-style-type: none"> • advance equality of opportunity, • eliminate discrimination, and • foster good relations
Religion or belief	From 2018's PULSE survey, 56% of those who stated a religion or faith indicated they were a Christian. The next most selected answer was 'No religion' which was selected by 38% of those who completed the survey. In the Oct 2021 Plus survey 42% stated they were Christian with 42% stating they had no religious affiliation.	No feedback received from service users or staff.	The LIS Capital Program is not considered to have an impact for library users with different religions.	Staff will continue to promote an inclusive environment for people of all faiths and beliefs.
Sex/Gender	The results of the 2018 consultation showed that 68% of respondents were female. Similarly, data from other user surveys indicates that on average 69% of library users are female. Women therefore have the potential to be disproportionately	No feedback received from service users or staff. We survey regularly looking at varying areas of satisfaction with the service. We have had no comments in relation to the offer/ building in relation to gender to date	The LIS Capital Program is not considered to have an impact for library users of different sex/gender as building works will not adversely affect individual groups.	Buildings that are maintained to a good standard will allow events to be hosted throughout the year including Men's Health Week and Women's History Month to promote inclusivity and use by all within the community.

Protected characteristics groups under the Equality Act 2010	What do you know? Summary of data about your service-users and/or staff	What do people tell you? All potential actions to: <ul style="list-style-type: none"> • advance equality of opportunity, • eliminate discrimination, and • foster good relations
	affected by changes as they represent a higher number of our customers.			
Sexual orientation	The statistics for current library users, collected in 2018, match the most recent census data for East Sussex.	No feedback received from service users or staff.	The LIS Capital Program is not considered to have an impact for library users of different sexual orientations.	The LIS will continue to work with local partners to ensure a safe and accessible environment is open to the LGBTQ+ community. Again, buildings that are maintained to an acceptable standard will continue to operate as safe spaces which can host events and activities.
Marriage and civil partnership	There are no disproportionate impacts upon people sharing this characteristic.	No feedback received from service users or staff.	The LIS Capital Program is not considered to have an impact for library users of different relationship statuses including those married or in a civil partnership.	No actions have been identified as necessary at this stage.

<p>Protected characteristics groups under the Equality Act 2010</p>	<p>What do you know? Summary of data about your service-users and/or staff</p>	<p>What do people tell you? <p>furnishings. Both of these elements will be reviewed as part of the works. This survey takes place every three years and allows the LIS to review operational activity and make changes where possible. This data has been analysed and is available for review here:</p> <p>https://services.escc.gov.uk/sites/LIB/Statistics/EastSussex_Headline%20Report%20PLUS.xlsx?Web=1</p>				

3. List detailed data and/or community feedback that informed your EqIA

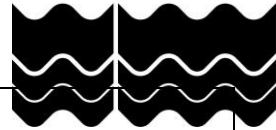

Source and type of data (e.g. research, or direct engagement (interviews), responses to questionnaires, etc.)	Date	Gaps in data	Actions to fill these gaps: who else do you need to engage with? (add these to the Action Plan below, with a timeframe)
PLUS survey	2018	This survey did not ask questions about all protected characteristics.	A service-specific assessment of 2021 Census data completed when the data is published in 2022.
Public Consultation – Libraries Strategy	2018	This survey did not ask questions about all protected characteristics.	A service-specific assessment of 2021 Census data completed when the data is published in 2022.
Consultation with LIS staff	Aug – Sep 2021	There were some protected characteristics that no verbatim, anecdotal feedback was provided about.	It was identified that staff did not regularly log issues, both positive and negative, regarding the use of LIS by people who share varying protected characteristics. From 2022, staff will be encouraged to do this.
Plus survey	2021	This survey did not ask questions about all protected characteristics.	This has been a helpful comparison to the 2018 dataset. We will review when latest Census statistics are available.

4. Prioritised Action Plan

NB: These actions must now be transferred to service or business plans and monitored to ensure they achieve the outcomes identified.

Impact identified and group(s) affected	Action planned	Expected outcome	Measure of success	Timeframe
<p>Age</p> <p>Older people may find changes to the library layout difficult to navigate</p>	<p>Ensure that access audit considers age of customer. Also work with library design specialists who understand the profile of library users in East Sussex to create a design that works for residents.</p>	<p>Improved layout of library as a result of refurbishment</p>	<p>No complaints/ issues raised by public as a result of changes in library layout. LIS works with recommendations of audit and implements where possible within budget.</p>	<p>Annually in accordance with the program.</p>
<p>Age: younger people less likely to use the library Pregnancy & maternity: access to books and resources</p>	<p>Consider improved/ appealing spaces for young people and comfortable seating areas to dwell for those pregnant/ feeding a child.</p>	<p>Make this library more attractive for younger customers aiming to support the underrepresentation of this age group Increase provision of spaces to bring young children and promote early years access to literature and materials.</p>	<p>Increased numbers of younger users and sign ups from new parents. Participation in Rhyme Time and Story Time.</p>	<p>As part of refurb, then ongoing monitoring and promotion of events and activities.</p>
<p>Disability</p> <p>Access audits are on a rolling program undertaken by Property.</p>	<p>Libraries to commission accessibility audits as part of capital program and recharge Property, to ensure works are</p>	<p>Buildings are compliant with required standards where possible.</p>	<p>Completed access audit</p>	<p>Annually in accordance with the program.</p>

These are not always available in conjunction with the Capital Program	compliant and needs assessed.			
Disability: provision for deaf and hearing impaired people	All libraries will be fitted with hearing loops at the counter to support those with hearing impairments	Better access and support for deaf and hearing impaired people	Works completed and in operation	In 2022
Sexual orientation Gender reassignment A lack of information regarding those who use the LIS and whether this group has a barrier to the service as a result of the building.	Analyse the findings of the LGBTQ+ Joint Strategic Needs Assessment by the management team.	Any findings within the report that highlight there are barriers to certain public venues could be reviewed as part of forthcoming capital works.	Any proposed changes made to buildings as a result to be considered in line with the delivery of the program and incorporated where possible (in line with Capital Program parameters)	2022 - 2027
All: ensuring stock meets diverse needs	Stock will be assessed by the librarian team as part of the refurbishment	Opportunity to check stock reflects all library users needs and choices as well as possible	Completion of review and responding to gaps	As part of refurbishment
Pregnancy and maternity: access and breastfeeding	We will design our spaces so that pregnant/new mothers have adequate spaces to sit/ stay/ feed.	Better support and spaces for feeding and seating.	Spaces reviewed/ improved and installed.	As part of refurbishment
All: encouraging use of whole range of library facilities	Aim to position the library as available to all through marketing campaigns	Wider range of people aware of what libraries offer and confident to access	Library users and equality monitoring / feedback	From library opening and ongoing BAU LIS activity.

<p>Community cohesion: combatting loneliness</p>	<p>Careful consideration to layout to support events and activities.</p>	<p>Generate events and activities to combat loneliness within the community</p>	<p>New space in place and being used; activities and events being held and attracting wide range of people.</p>	<p>As part of refurbishment</p>
---	--	---	---	---------------------------------
