Governance Policy Statement

Introduction

This is the Governance Policy Statement of the East Sussex Pension Fund (the Fund). The Fund is managed by East Sussex County Council (ESCC) who is the Administering Authority (Scheme Manager) on behalf of all the relevant scheme employers. All Local Government Pension Scheme (LGPS) Funds in England and Wales are required to publish and keep under review a Governance Compliance Statement.

The Public Services Pensions Act 2013 (The Act) introduced a new framework for the governance and administration of public service pension schemes. The Act has a material impact on existing governance arrangements in the Local Government Pension Scheme (LGPS), which are enforced by changes to the LGPS regulations.

As a result of the Act, The Pensions Regulator introduced codes of practice covering specific areas relating to public sector pension schemes. The Code of Practice which previously applied to Public Service Pension Schemes, Code of Practice 14, was superseded by the General Code in March 2024.

As Administering Authority, ESCC is the designated statutory body responsible for administering the Fund on behalf of the constituent Scheduled and Admitted Bodies in the relevant area. The LGPS regulations specify that, in investing the Fund's money, regard must be given to the need for diversification and for proper advice obtained at reasonable intervals.

Governance of East Sussex Pension Fund

ESCC operates a Cabinet style decision-making structure. Under the Constitution, the Pension Committee has delegated authority to exercise the powers of the County Council in respect of all powers and duties in relation to its functions as the Scheme Manager and Administering Authority for the Fund, including the approval of the Fund admission agreements.

Delegations by the administering authority are published in the Council's constitution which can be accessed [here](#)

The Fund governance focuses on:

- The effectiveness of the Pension Committee, the Local Pension Board (Pension Board) and Officers to which delegated function has been passed, including areas such as decision-making processes, knowledge and competencies.
- The establishment of policies and their implementation.
- Clarity of areas of responsibility between Officers and Pension Committee/Board members.
- The ability of the Pension Committee/Board and Officers to communicate clearly and regularly with all stakeholders.
- The ability of the Pension Committee/Board and Officers to ask for the appropriate information and advice and to interpret that information in their supervision and monitoring of the Scheme in all areas.
- The management of risks and internal controls to underpin the framework.

East Sussex Pension Fund Governance & Compliance Statement 2024

The Overall responsibility for the governance of the Local Government Pension Scheme and for the approval of this document resides with the Pension Committee. To aid the decision making process a decision making and responsibilities matrix has been developed.

Responsibilities of the East Sussex Pension Committee

The Pension Committee is established as the Fund’s delegated scheme manager and is responsible for arrangements for the investment, administration funding, communication, risk management and the overall governance process surrounding the Fund. It acts with the delegated authority of ESCC, which is the formal scheme manager.

The Pension Committee is responsible for setting all Fund policies including the setting of the appropriate funding target.

The Pension Committee will exercise its functions in accordance with fiduciary duties, safeguarding the interests of the beneficiaries of the Fund.

Committee Members must take decisions in accordance with their public law obligations, including the obligations of reasonableness, rationality and impartiality.

Committee Members are required to be rigorous about conflicts of interest and potential conflicts of interest, actual or perceived, as laid out in the Conflict of Interest Policy.

The Committee is subject to the statutory obligation of political balance in the membership of the Committee. Whilst all Committee Members bring with them their own knowledge and experience, political views should form no part of the consideration of issues or of the decision-making process.

Detailed terms of reference for the Committee are included as **Appendix A**.

Attendance of Committee meetings is reported in the Annual Report.

Responsibilities of the East Sussex Pension Board

The Pension Board's primary role is to assist the Fund in ensuring that the Fund is managed and administered effectively and efficiently.

The Pension Board will provide assistance to ESCC as the Administering Authority and the LGPS Scheme Manager in securing compliance with:

- LGPS Regulations and any other legislation relating to the governance and administration of the LGPS.
- requirements imposed in relation to the LGPS by TPR.
- ensure effective and efficient governance and administration of the LGPS; and
- any other matters as the LGPS regulations may specify.

The role of the Pension Board is to provide oversight of these matters and it is not a decision-making body. The Board seeks assurance that due process is followed by the Fund.

Detailed terms of reference for the Board are included as **Appendix B**.

Attendance of Board meetings is covered in the Annual Report.

Operational Procedures of the Pension Committee & Pension Board

The Pension Committee and Pension Board is advised by the Chief Finance Officer (in their capacity as section 151 Officer) and a number of external expert advisors including but not limited to the Fund Actuary, Legal Adviser, Investment Consultant and Independent Adviser, as required by the Pension Committee or Pension Board.

The Pension Committee and Pension Board receive full reports on all necessary matters as decided by the Chief Finance Officer, along with matters as requested by the Pension Committee or Pension Board for detailed reports and discussion. Provision exists for the calling of special meetings if circumstances demand.

The work plan of both Pension Board and Pension Committee is set out in a work program agreed at each quarterly meeting. This helps the stakeholders understand what will be discussed at future meetings. The Pension Board and Pension Committee consider reports on administration of the Fund, the Risk Register and any breaches of the law at all core meetings.

Agendas and reports for both the Board and Committee are published on the ESCC website at least 5 working days in advance of the meeting. All meetings are open to the public except where the Board and Committee resolve to exclude the press and public due to the consideration of information that is exempt under section 12A of the Local Government Act 1972. Meetings are held in person with some capacity for attendance online. The meetings of both the Pension Board and Pension Committee are made available to the public through a webcast.

The Pension Committee receives and reviews quarterly reports in relation to Investment matters including all its Investment Fund Managers through its Investment Consultant, Isio. The Pension Committee is also advised by an additional Independent Advisor, Linchpin Advisory Ltd, to help balance the advice providing additional challenge and debate to decision making.

The Pension Board meets around two weeks in advance of the Pension Committee to enable the Board to consider and comment on the reports due to be considered by the Committee. The Pension Board also have sight of the last Pension Committee minutes for completeness on discussions and decisions made by the Pension Committee. The Board's minutes are included as part of the Pension Committee agenda pack and the independent chair of the Board attends the Committee meetings commenting on discussion points raised by the Board on each item. This ensures the Committee takes into account the comments of scheme member and scheme employer representatives of the Board, ahead of the Committee making decisions.

The Fund produces a Funding Strategy Statement which sets out the approach to funding related matters. The strategy takes into account advice from the Fund Actuary and seeks to ensure a consistent approach to all employers, including the Council where it acts as an employer rather than the Administering Authority.

Frequency of meetings of the East Sussex Pension Committee

The Pension Committee is scheduled to meet at least 4 times a year with an additional meeting scheduled to discuss the investment strategy. Attendance at these meetings is reported in the annual report.

Frequency of meetings of the East Sussex Pension Board

The Pension Board is scheduled to meet at least 4 times a year. Attendance at these meetings is reported in the annual report.

Membership of the Pension Committee

ESCC appoints five members to the Pension Committee in accordance with political balance provisions contained in s.15 Local Government and Housing Act 1989. These provisions require that the make-up of the Committee is in line with the political balance of the Local Authority – ESCC.

The Pension Committee is currently made up of 3 Conservative, 1 Liberal Democrat and 1 Green Councillor. All members of the Committee have voting rights.

Whilst ESCC is also a scheme employer, the appointment of the Pension Committee is under the capacity of ESCC as Administering Authority and, as such, the Committee members are not appointed as scheme employer representatives but representatives of the Administering Authority to act on behalf of all Scheme members and Scheme employers.

This is made expressly clear in the Pension Committee Terms of Reference where it states “No matters relating to East Sussex County Council’s responsibilities as an employer participating within the East Sussex Pension Fund are delegated to the Pension Committee”. The members of the Pension Committee are required to consider “views expressed by employing organisations and staff representatives in relation to the operation of the East Sussex Pension Fund” but are not permitted to take decisions to benefit any particular employer ahead of the overall interests of the Fund.

The Local Government Association (LGA) obtained legal opinion from James Goudie QC in January 2015 where it was confirmed that a Pension Committee with investment decision making powers is a Finance Committee and is, therefore, restricted in its membership, excluding non-elected members onto the Committee unless there is a separate subcommittee for investment decisions, which consists solely of elected members of the Administering Authority. For the Fund, investment decisions are taken by the Pension Committee.

The current roles and responsibilities set out in the Terms of Reference of the Pension Committee, indicate that this Pension Committee is appointed to regulate and control the finance of the Fund. As such non-ESCC Councillors would not be permitted to be allowed to be members of the Pension Committee via section 102(3) of the Local Government Act 1972.

The Pension Committee is required under the 2016 LGPS Investment Regulations to take ‘proper advice’ – meaning the advice of a person whom the authority reasonably considers to be qualified by their ability in and practical experience of financial matters in formulating its investment strategy. Whilst all Committee Members bring with them their own knowledge and experience, political views should form no part of the consideration of issues or of the decision-making process. Committee Members must act as fiduciaries, safeguarding the interests of those to whom they owe their duties. Committee Members must take decisions in accordance with their public law obligations, including the obligations of reasonableness, rationality and impartiality.

Membership of the Pension Board

In accordance with Regulation 107 of the LGPS Regulations 2014, a Pension Board must include an equal number of employer and member representatives with a minimum requirement of no less than four in total. In considering the size of the East Sussex Pension Board, the Administering Authority has taken into consideration number of factors including:

East Sussex Pension Fund Governance & Compliance Statement 2024

- The size of the Fund governing arrangement and decision-making process.
- The number of scheme members, number and size of employers within the Fund and any collective arrangements in place for them to make decisions or provide input in relation to Fund matters.
- The direct and indirect cost of establishing and operating the Board.

The Pension Board consists of 7 members as follows:

- Scheme Employer representative x 3 (to represent all employers within the scheme)
- Scheme Member representative x 3 (to represent all members of the scheme; active, deferred and pensioners)
- Independent Chair x 1

Employer representatives and scheme member representatives have voting rights. The Independent Chair does not have voting rights.

Where possible, the employer representatives will be appointed to represent each of Brighton and Hove City Council, as the second largest scheme employer after ESCC; the five district and borough councils; and all other employers. However, in practice, all will actively represent the full range of employers in the scheme.

An independent chair is appointed to enhance the experience, continuity, knowledge, impartiality and performance of the Board. The chair of the Board is invited to attend Pension Committee meetings where they are able to report back on discussions and recommendations from the Board, to represent the views of the employer and member representatives into Fund decision making. All Pension Board members are welcome to attend the Pension Committee meetings.

The term of office for Board members is 4 years. This can be extended following reselection by 2 years.

Pension Board Representatives nomination/appointment

The methodology for appointing employer and member representatives is not prescribed by the Regulations. It is therefore up to the Administering Authority to establish an appropriate process, which has been included within the Pension Board terms of reference. For details see Appendix B to this statement.

Pension Board representatives are normally appointed for a term of 4 years. Appointments are made by the Governance Committee. The Governance Committee can also agree a temporary extension of up to 2 years. In the case of multiple appointments and re-appointments the Governance Committee may choose to appoint members on a mixture of full and 2-year terms to minimise the number of vacancies needing simultaneous appointments in the future.

Where a Pension Board Representative has their term extended this can only happen once before a full appointment process will be run.

In the past year it has been necessary to appoint people to vacant positions for both member and employer representatives.

For the employer representative vacancies, two members of the Pension Board stood down from their positions in the financial year. For one of these vacancies, a potential replacement was put forward by Brighton and Hove City Council. This nominee was approved by the Governance

East Sussex Pension Fund Governance & Compliance Statement 2024

Committee and met with the Chair of the Pension Board and Pensions Manager – Governance and Compliance prior to attending their first meeting. At time of writing, the second post remains vacant. Fund Officers have contacted all employers, asking them to put forward nominees. These nominations will then be assessed with interviews offered to appropriate candidates.

For the member vacancies, two new member representatives were appointed in July 2023. All members were invited to put themselves forward for the positions and a Trade Union asked whether it wanted to put someone forward, an invitation it declined. Following a review of applications and an interview process, the Governance Committee agreed the two appointments taking into the skills and experience of the various candidates to select people it thought would add most value to the Pension Board.

Vice Chair appointment

Meetings of the Pension Board cannot go ahead without the Chair or Vice Chair present, so there is a risk that a meeting of the Board would not be able to proceed if the Chair is unable to attend for any reason.

The Pension Board agreed that in order to maintain the balance between scheme members and employer representation that a scheme member vice chair and an scheme employer vice chair would be nominated from the existing Pension Board members, and that the role of vice chair would alternate between scheme member and employer at each meeting.

Consultation with Employing Authorities

All employing bodies are kept informed of current pension issues, such as proposed changes in the regulations and their implications, by a regular newsletter. They are encouraged to get in touch if they have questions.

In addition to these electronic briefings, the Fund holds an annual Employers' Forum to which all scheduled and admitted bodies of the Fund are invited. This meeting is held in person. It covers both actuarial and investment issues and has historically contained a presentation from the Fund's Actuary. In 2023 Employers received information about a range of topics including Environmental Investments, an update on the administration of the Fund and the importance of paying contributions in a timely manner.

An annual survey is carried out with employers to get input into the administration of the Fund.

Where there are proposed changes to the Administration Strategy or to the Funding Strategy Statement, employers are consulted prior to implementation of the revisions.

The Fund has an Employer Engagement team to specifically focus on improving the information sharing and support to scheme employers. This team works in consultation with other Fund Officers to ensure an effective, joined up service is provided.

Consultation with Scheme Members

All active members receive newsletters twice a year to and Pensioner members once a year. These newsletters update on pension issues, especially on any changes affecting benefits. These updates are shared with all employers.

The Fund carries out an annual survey with active and pensioner members to seek their views on the administration of the Fund. In 2023 the main focus was on communication to help the Fund understand how members prefer to be communicated with and what information they would like to receive. For the first time a booklet providing a summary of the previous years account and key highlights was provided to members.

More detail on the approach to communication is covered in the separate Communication Statement, which is available on the website.

Working Groups

The Fund has set up a number of working groups to help progress specific projects or areas of focus. The Pension Board are able to initiate working groups to focus on areas that would benefit from focus of the employer or member representatives.

An update is provided at each Pension Board and Pension Committee meeting to report back on the activities of each working group as appropriate.

In 2023/24 the Fund had two working groups. An investment implementation working group and an administration working group. The McCloud working group of previous years was subsumed into the administration working group and the Communications working group was determined to have fulfilled its objectives.

Each working group has its own terms of reference and membership which is firstly discussed at Pension Board and approved by Pension Committee.

The Chair of the Pension Committee is invited to join the Investment Implementation Working Group, while membership of the group is Officers and Advisers. All other working groups consist of a mix of Officers, Pension Board members and Pension Committee members.

Conflicts of interest

A conflict of interest is a financial or other interest which is likely to prejudice a person's exercise of their duties as a member of the Pension Board or Pension Committee. It is not permitted for a Pension Board member to have an actual conflict of interest.

To prevent conflicts of interest members of the Pension Board, Committee and Officers are required to disclose interests. Potential conflicts are also disclosable as a standing item on the agenda for Board and Committee meetings. Interests which may lead to a potential conflict are additionally reviewed annually. The policy equally applies to advisers, suppliers and contractors who are required to disclose information about potential conflicts of interest as part of their contractual terms, with this being part of the procurement process.

Where a potential conflict of interest is identified the person with the potential, or perceived, conflict is not able to take part in discussions on the topic; excluded from voting; or otherwise has the conflict managed at the discretion of the Chair or Vice Chair as appropriate.

The Fund has a conflict of interest policy which is published on its website - [Conflict of interest policy - East Sussex Pension Fund](#). This policy is due for its triennial review in September 2024.

A register of interests is maintained for the Fund by the Democratic Services Team.

Knowledge and understanding

It is a requirement that members of the Pension Board have sufficient knowledge and understanding to carry out their function. Where a new member joins the Pension Board, they are to develop this level of knowledge as soon as possible.

Whilst the law does not stipulate a timeframe for gaining this knowledge, it does for a new trustee of a private occupational scheme and an inference can be drawn that the same six-month time period should apply.

The Scheme Advisory Board's (SAB) Good Governance Report says that Officers and Committee members should also have sufficient knowledge and understanding to carry out their functions. The Fund's Training Strategy is in line with this recommendation and applies to Pension Board and Pension Committee members as well as officers. It is linked to the CIFPA Knowledge and Skills matrix.

The Fund has a Pensions Training Co-Ordinator. This Officer engages with the Chairs of both the Pension Board and Pension Committee to establish the individual needs of members, as well as liaising with Officers, to develop a detailed training plan. This plan will be in line with the published Training Policy. Details of the events individuals attend are recorded.

New members of the Pension Board and Pension Committee, along with those already in role and relevant Officers, are invited to induction training. Some of this training is provided by the Fund's legal, actuarial and investment advisors.

The Fund carried out a training needs analysis in 2023 with Committee and Board members through a self-assessment questionnaire. The results of these training needs led to the creation of the annual training plan for Board and Committee members and is being used to develop the content of training events which will be offered to Pension Board and Pension Committee members over the forthcoming year.

Training attendance is covered in detail as part of the Annual Report.

East Sussex Pension Fund Governance & Compliance Statement 2024

The Fund invite members of both the Pension Board and Pension Committee to a range of in-house and external training sessions and conferences to help develop their knowledge and skills relevant to their roles. In addition, officers attend training sessions and conferences in compliance with the training strategy and their professional CPD requirements to stay current. Notification of forthcoming training opportunities is provided at least once per month. The Fund have a budget assigned for training to ensure this is a priority of the Fund and sufficient resources available.

Interaction with Officers

Fund Officers carry out the day-to-day work involved with running the Fund. They are divided into Accounting and Investment, Pensions Administration, Employer Engagement, Governance and Compliance and Projects. All teams are overseen by the Head of Pensions who reports to the Chief Finance Officer.

The Chief Finance Officer has two roles as the s.151 Officer for the Pension Fund and, separately, the s.151 Officer for the Council acting in its capacity as Local Authority.

Officers provide papers for both the Pension Board and Pension Committee in advance of meetings. The content consists of information to bring to the attention of the Pension Board and Pension Committee, together with information requested by the Pension Board and Pension Committee through the quarterly agreed workplan.

Where the Pension Board has concerns that the Pension Committee is not acting in line with the principles of good governance it can raise the matter with the Chief Monitoring Officer and, by extension, the Governance Committee.

Good Governance report

In February 2021 the SAB published an updated version of its report following its review of good governance across the LGPS. This report covers representation, conflicts of interest and knowledge and understanding.

The findings of these areas are referred to in the relevant sections above. Additionally, the SAB made several recommendations in the areas of service delivery along with compliance and improvement.

The SAB recommends that all funds in the LGPS should have a Pension Administration Strategy. The Fund updated and enhanced its policy in 2023 to ensure this is fit for purpose and more accessible. This strategy was shared with employers in the Fund as part of a consultation process prior to implementation. The Pension Administration Strategy is also publicly available on the Fund's website. This policy is reviewed at least every three years.

The SAB has also recommended that funds in the LGPS document decision making levels. The Fund carried out a review of its existing policies and procedures in 2023, making changes to its Constitution in order to meet best practice.

It is anticipated that findings from the Good Governance report will be adopted into legislation across 2024/25.

Admissions to the Fund

Where a new employer seeks to join the Fund a policy is in place to smooth the admission process. When the Fund becomes aware of a new employer, the new employer is sent a copy of the relevant documentation to help guide it through the process.

Pension Administration Strategy

The Fund operates a Pension Administration Strategy in accordance with Regulation 59 Local Government Pension Scheme Regulations 2013. This document considers the relationship between the Fund and participating employers, setting out expectations for both the delivery of services and detailing the employers' obligations.

The Administration Strategy is kept under review and formally reviewed by the Pension Committee, in its role as delegated Scheme Manager, at least every three years or when there is a material change in the Fund polices. Any changes to the strategy are subject to a period of consultation.

Audit review of service provision

The ESCC Internal Audit team carries out independent appraisals of the County Council's systems under the direction of the Chief Operating Officer. The Pension Fund has commissioned 70 days of audit to review various aspects of its service provision. An annual audit plan is reviewed and approved at the start of the year with all audit findings reports being considered and discussed at each Pension Board and Pension Committee meeting once the reports are finalised.

In 2022/23 the internal audit team carried out audits on cyber security, the ACCESS Support Unit, i-Connect and Pension Fund Governance.

Business planning

The Fund maintains a business plan annually. At each Committee and Board meeting there is a discussion of the work to be conducted in each quarterly meeting over the next 12 months, allowing members of both the Board and Committee to request additional tasks be added as needed.

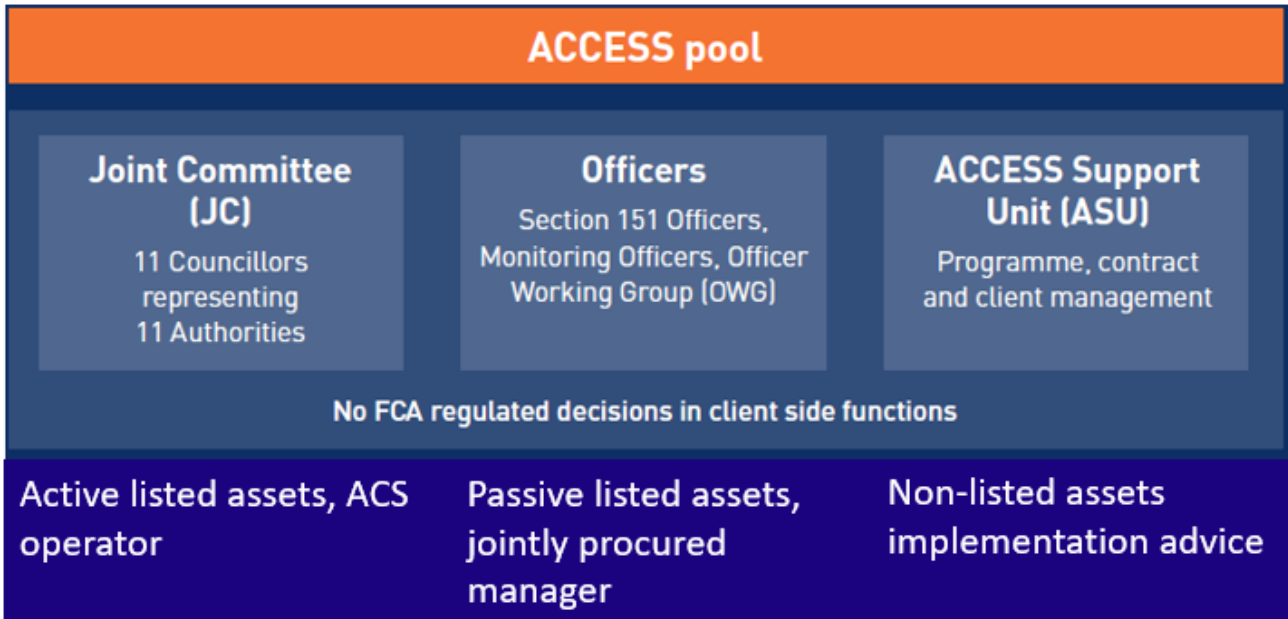

The Fund budget is approved by the Pension Committee on an annual basis.

Key Performance Indicators are reported against each quarter. The relevant documents are published as part of the Board and Committee meeting packs, which can be located at [Browse meetings - Pension Board | East Sussex County Council](#) and [Browse meetings - Pension Committee | East Sussex County Council](#).

LGPS Asset Pooling Governance - ACCESS Pool

ACCESS (A Collaboration of Central, Eastern and Southern Shires) is made up of 11 Local Government Pension Schemes (LGPS) Administering Authorities, which are committed to working together to optimise benefits and efficiencies on behalf of their individual and collective stakeholders, operating with a clear set of objectives and principles that drives the decision-making process.

ACCESS Pool Governance

The diagram above sets out the overarching ACCESS structure.

The ACCESS Pool is not a legal entity in itself but is governed by an Inter Authority Agreement signed by each Administering Authority. The Inter Authority Agreement sets out the terms of reference and constitution of ACCESS.

The formal decision-making body within the ACCESS Pool is the ACCESS Joint Committee. The Joint Committee has been appointed by the 11 Administering Authorities under s102 of the Local Government Act 1972, with delegated authority from the Full Council of each Administering Authority to exercise specific functions in relation to the Pooling of Pension Fund assets.

The Joint Committee is responsible for ongoing contract management and budget management for the Pool and is supported by the S151 Officers, Officer Working Group and the ACCESS Support Unit. The Officer Working Group are Officers identified by the Administering Authorities whose role is to provide a central resource for advice, assistance, guidance and support for the Joint Committee.

The ACCESS Support Unit (ASU) provides the day-to-day support for running the ACCESS Pool and has responsibility for program management, contract management, administration and technical support services.

The Section 151 Officer of each Pension Fund provide advice to the Joint Committee and in response to decisions made by the Joint Committee ensure appropriate resourcing and support is available to implement the decisions and to run the ACCESS Pool.

Strategic oversight and scrutiny responsibilities remain with the Administering Authorities as does all decision-making power to their own Funds asset allocation and the pooling of assets that each Fund holds within the arrangements developed by the ACCESS Pool.

East Sussex Pension Fund Governance & Compliance Statement 2024

At its meeting on Monday 7 March 2022, the ACCESS Joint Committee agreed proposals enabling each ACCESS Authority's Local Pension Board to send two observers, on a rotational basis, to Joint Committee meetings. In practice, observers from three ACCESS Authority Local Pension Boards at a time will attend JC meetings in person, allowing each Pension Board to be represented at least once a year.

The observers can be drawn from scheme member representatives, employer representatives or independent members. This arrangement was continued for 2023/24.

ACCESS Operator

Waystone Group were appointed to provide a pooled operator service. Waystone is responsible for operating an authorised contractual scheme (ACS) along with the creation of a range of investment sub-funds to meet the needs of the investing authorities enabling them to execute their asset allocation strategies and the appointment of the investment managers to those sub-funds. The operator role is FCA regulated.

ACCESS Implementation Adviser for illiquid assets

The ACCESS Pool has appointed APEX, the specialist service provider to the asset management industry, as implementation advisor for the pooling of illiquid assets, including private equity, infrastructure, private debt and real estate. As implementation advisor, APEX will provide support to the Pool in selecting individual investment opportunities and investment managers to build portfolios in a range of illiquid assets.

Review of Governance Policy Statement

Responsibility for this document resides with the Chief Finance Officer and will be reviewed by no less frequently than annually.

This document will be reviewed if there are any material changes in the administering authority's governance policy or if there are any changes in relevant legislation or regulation.

Appendix B

Constitution and terms of reference of the East Sussex Pension Board

Introduction

The Pension Board is established by East Sussex County Council (ESCC) under the powers of Section 5 of the Public Services Pensions Act 2013 and regulation 106 of the Local Government Pension Scheme (LGPS) Regulations 2013 ("the LGPS regulations" which includes such regulations as govern the Local Government Pension Scheme from time to time). ESCC is the scheme manager (and administering authority) to the East Sussex Pension Fund (ESPF).

The East Sussex Pension Fund Board was appointed by East Sussex County Council (the Scheme Manager and Administering Authority to East Sussex Pension Fund) as its Local Pensions Board in accordance with section 5 of the Public Service Pensions Act 2013 and Part 3 of the Local Government Pension Scheme Regulations 2013. As such, Parts 4 Rules of Procedure (Council's procedural Standing Orders) sub-parts 1, 2, 3, 4, 5 and 6 of the Constitution of East Sussex County Council do not apply to this Pension Fund Board unless expressly referred to within and permitted by these Terms of Reference and Rules of Procedure.

The Board will exercise all its powers and duties in accordance with legislation and these Terms of Reference and Rules of Procedure. The Board shall have the power to do anything which is considered to facilitate, or is conducive or incidental to, the discharge of its functions.

Powers of the Pension Board

The Pension Board will exercise all its powers and duties in accordance with the law and this Terms of Reference.

ESCC considers this to mean that the Pension Board is providing oversight of these matters and, accordingly, the Pension Board is not a decision-making body in relation to the management of the Fund but instead can make recommendations to assist in such management. The Fund's management powers and responsibilities which have been, and may be, delegated by ESCC to committees, sub-committees and officers of ESCC, remain solely the powers and responsibilities of those committees, subcommittees and officers including but not limited to the setting and delivery of the Fund's strategies, the allocation of the Fund's assets and the appointment of contractors, advisors and fund managers. The Pension Board operates independently of the ESPF Pension Committee.

The Pension Board will ensure that in performing their role it:

- is done effectively and efficiently and
- complies with relevant legislation and
- is done by having due regard and in the spirit of The Pensions Regulator's Code of Practice and any other relevant statutory or non-statutory guidance.

Objectives and role of the Pension Board

The role of the Pension Board is defined by the LGPS Regulations as being to assist the Scheme Manager (ESCC as Administering Authority) to:
