

## APPENDIX 1

Date	Summary of Objection
2 June 2023	I am a resident of the village of Hammerwood. I strongly object to the proposal to reduce the A264 speed limit from 50 to 40mph. It will encourage overtaking. It will increase my journey time. It is an egregious waste of taxpayers' money. There is no local support. It further erodes the choice to drive up to 50 if drivers consider 50 to be appropriate. Please do not make this change. The local community opposes this act.
