
NOTICE OF MOTION

NOTICE OF MOTION – SPEED LIMITS IN NEW DEVELOPMENTS

MOTION WORDING

The following Notice of Motion has been submitted by Councillor Field and seconded by Councillor Wright.

Evidence shows that 20mph limits:

- increases a pedestrian's chance of survival if hit by a car
- improves the quality of life for those living in a 20mph zone
- leads to calmer streets and improved community cohesion
- reduces pollution

This Council requests the Cabinet to:

Consider implementing a maximum speed limit of 20mph when adopting roads in new developments.
