Item 5 – Council Monitoring

Winter Pressures Funding – Comments of the People Scrutiny RPPR Board

With regard to Winter Pressure Funding, the RPPR Board agreed with the proposed spending plans as set out in Appendix 2 of the quarter 2 Council Monitoring Report to Cabinet (for 11 December 2018). However, the Board note that the £2.6m additional funding is not ongoing. As a result, the Board advise that careful consideration should be given as to how the recipients of the additional funding will be financed in future years.
