Chief Finance Officer's Foreword

Introduction

This budget summary provides detail on the 2019/20 revenue budget and the Capital Programme to 2022/23. It gives analysis of expenditure by type and also by accountability, along with detail of our resources to finance that expenditure. The summary provides a useful source of information for Council officers, elected members and the public alike.

The 2019/20 Approved Budget

In 2019/20 the Council (including schools) will spend £795.3m to deliver services to the people of East Sussex, with a further £102.4m of investment in infrastructure and assets through its capital programme. The Council's stated priorities outcomes are:-

- *Economic Growth*
- *Helping people to help themselves*
- *Keeping vulnerable people safe*
- *Making the best use of resources*

Revenue Budget

Making best use of our resources means achieving all stated outcomes within the context of increasing demand and diminishing resources available to the Council. For 2019/20, savings of £5.1m will be delivered. While for 2019/20 the budget is balanced, there is significant uncertainty regarding government funding in future years and a budget gap by 2020/21. Work continues to identify savings in a number of areas including the cost of operations and financing. In addition the effects of a number of national funding decisions will impact during this period. At the same time, key services have been protected as far as possible from the effects of increased prices and demand with a core offer being developed.

Government grants amount to £311.3m (39%) of the total expenditure of the Council.

Council Tax finances approximately 36% of the total expenditure of the Council. For 2019/20 the council tax will be increased by 2.99%. Band D council tax will therefore be £1,434.78 per annum, an increase of £41.67 on the current year.

Capital Programme

The programme to 2022/23 is £363.2m gross, £269.5m net over five years. The programme focusses on a strategy to deliver core need, in support of the delivery of priority outcomes, as efficiently as possible. Of this, 35% will be funded by Central Government grants.

Resources - funding / core spending power

Settlement Funding Assessment 2019/20

The Government's primary economic objective remains to reduce the national deficit and so Government funding to local authority services continues to decrease year on year.

Settlement Funding Assessment (SFA):

Funding	2018/19	2019/20	1 year change	1 year change
	£'000	£'000	£'000	%
Business Rates Retention	11,855	34,939	23,084	194.7
Business Rates Top-up	60,351	42,413	-17,938	-29.7
Total Business Rates	72,206	77,352	5,146	7.1
Revenue Support Grant (RSG)	14,966		-14,966	-100.0
Total - ESCC	87,172	77,352	-9,820	-11.3

The SFA represents the general funding level provided by Government to local authorities. For 2019/20, the reduction in SFA is £9.8m or 11.3%. This closely follows the reductions expected from last year's Settlement.

Business rates retention is based on the Government's national assessment of business rate yield. The County Council's budget for business rates retention reflects its 26% share of locally collected business rates from information provided by the District and Borough Councils. The figures reflect the County's successful bid to be a pilot in 2019/20.

Resources - funding / core spending power

Core Spending Power

Core Spending Power represents the Government's assessment of the funding they provide to us. It includes their assumptions on growth and inflation. The calculation is designed to give their view as to how local authority spending is changing overall.

The Government revises this measure each year. This year it includes Revenue Support Grant, Retained Business Rates, income from New Homes Bonus, the Rural Services Delivery Grant, Better Care Funding, compensation for Business Rates capping and Council Tax. The inclusion of Better Care funding, compensation for Business Rates capping and increases in Council Tax masks the withdrawal of core Government Grant (RSG).

The table below details changes to the County Council's Spending Power for 2015/16 to 2019/20.

2015/16 £'000	Core Spending Power	2016/17 £'000	2017/18 £'000	2018/19 £'000	2019/20 £'000	4 Year Change £'000	%

	Improved Better Care Fund		11,313	15,157	18,551	18,551	100.0%
	Social Care Support Grant				4,417	4,417	100.0%
994	Compensation for business rates capping	994	1,053	1,655	2,407	1,413	142.3%
227,221	Council Tax	242,632	257,380	276,720	289,773	62,552	27.5%
367,716	ESCC Core Spending Power	363,012	374,113	386,137	395,972	28,256	7.7%

For East Sussex, this year's Settlement is the last year of a four-year deal. Last year the Spending Power calculation showed that our spending would increase by £21.0m or 5.7%, over the life of the 4 year deal. This year's calculation suggests a 4 year increase in Spending Power of £28.3m or 7.7%. The increase is mostly due to the Government's anticipated Council Tax growth and assumes that councils will take up the allowance to increase general Council Tax by 3% in 2019/20.

As outlined above the combination of additional inclusions and changes to Core Spending Power mean the Government's presentation of Core Spending Power may lead to public confusion with regards to the County Council's financial position.

Capital programme to 2022/23

Introduction

The capital programme sets out the Council's investment plans to support its core services in the delivery of the priority outcomes to 2022/23. It includes providing for essential school places, investments in roads and transport infrastructure, enhancing the life of existing assets and ensuring they are fit for purpose, and supporting invest to save schemes.

The proposed programme includes:

- Improvement to roads and transport infrastructure
- Integrated transport schemes;
- Providing necessary school places and school access initiatives, safeguarding and temporary accommodation.
- Capital Building Improvements and energy saving measures;
- Supported accommodation and improvements;
- Essential Libraries work to keep libraries in their current condition and stop them from deteriorating.
- Support of Economic Growth and Strategic Infrastructure investment.

An estimated 35% (£125.5m) will be funded from Government grants, with 26% (£93.6m) funded from scheme-specific income, requiring the remainder (£144.1m) funded locally through borrowing, capital receipts and use of reserves set aside for a specific purpose.

This table provides a summary of planned movements in and out of the individual reserves over the financial year 2019/20.

Explanation of key terms

Balances

A working balance is needed so that payments can be made before income is received, and as a cushion against unexpected expenditure during the year.

Band D Property

Property band commonly used to specify the average council tax. The band includes property values between £68,001 and £88,000 (as at 1st April 1991).

Budget

An expression mainly in financial terms of the Council's policy for a specified period.

Business Rates

A charge on commercial and industrial buildings fixed by the Government and collected by District and Borough Councils. As of 2013/14 a proportion is retained and shared locally amongst authorities (including Fire & Rescue), rather than going to the Government for redistribution on a national basis. That part of business rates going to Government is redistributed as "Top-Up" grant, where local need is assessed as greater than the share of business rates retained locally. All County Councils are "Top-Up" authorities, receiving only a small share of business rates.

Depreciation

Amounts charged to services revenue for the use of assets/ infrastructure.

Capital Expenditure / Capital Programme

Expenditure on the acquisition of assets, or which adds to rather than maintains the value of existing assets. It is financed mainly from borrowing and charged to the revenue account over a number of years.

Capital Financing

Capital expenditure is financed by loans, Government grants, external contributions (e.g. developers' contributions to specific schemes) contribution from the revenue account, and proceeds from the sale of assets. The revenue budget bears the cost of direct revenue contributions, together with interest and the provision for repayments of these loans.

Capital Receipts

Income received from the sale of capital assets, together with specific contributions, including Government grants, towards capital expenditure.

Contingency

A sum set aside to meet future pay and price rises over and above provision made in departmental budgets.

Council Tax Requirement

This is an amount calculated, in advance of each year, by each billing authority (e.g. Lewes District Council) and by each major precepting authority, (e.g. East Sussex County Council). It is the amount of revenue to be met from Council Tax, and is equivalent to an authority's Band D Council Tax multiplied by its council tax base.

Dedicated Schools Grant (DSG)

A major ring-fenced government specific grant, introduced in 2006/07, which provides funding for schools and schools-related expenditure.

Earmarked Reserves

Reserves which are set aside for specific purposes.

Government Grants

Contributions by central Government towards either the revenue or capital cost of local authority services.

Levies

A contribution which the County Council is required to make towards the costs of Ashdown Forest Conservators, Environment Agency (for flood defence) and Sussex Inshore Fisheries and Conservation Authority.

Net Budget Requirement

The total expenditure (after deduction of income) that the Council can finance from the aggregation of Revenue Support Grant, Business Rates and Council Tax.

New Homes Bonus

A government grant which is aimed at encouraging local authorities to increase the number of homes in their area.

Precept

The income which the Council requires a District or Borough Council to raise on its behalf from Council Tax.

Provisions and Reserves

Provisions are made for liabilities and losses which are likely or certain to be incurred but the amount or dates on which they will arise cannot be determined accurately. Internal reserves are set aside to finance future expenditure for purposes falling outside the definition of provisions.

Revenue Expenditure

Expenditure that the Council incurs on the day-to-day costs of providing services including principally on pay, running costs of buildings, equipment, third party payments and capital financing costs.

Revenue Support Grant (RSG)

Additional funding received from central government, outside that received through the business rates retention scheme.

Slippage

Actual capital payments or income, spent or received in a year different to that planned in the capital programme.

Specific and Special Grants

Grants paid by central Government for specific services and allocated to local authorities according to specific policies criteria.

Supported Borrowing

The level of borrowing that the Government will support via grant towards interest and principal repayments.

Tax Base

All domestic properties are placed in one of eight valuation bands. The council tax base is calculated according to Government regulations to assess, by proportion, the equivalent number of Band D properties. The County's net expenditure is divided by this number to give the council tax levy.

Third Party Payments

Payments made to agencies and contracted service providers, e.g. payments to private sector nursing homes.

Transfer Payments

Money paid by a local authority to an individual specifically to enable them to pay someone else e.g. awards paid to students to enable them to pay fees.
