#### 1. Guidance

#### Overview

### Note on entering information into this template

Throughout the template, cells which are open for input have a yellow background and those that are pre-populated have a grey background, as below:

Pre-populated cells

### Note on viewing the sheets optimally

For a more optimal view each of the sheets and in particular the drop down lists clearly on screen, please change the zoom level between 90% - 100%. Most drop downs are also available to view as lists within the relevant sheet or in the guidance sheet for readability if required.

The details of each sheet within the template are outlined below.

#### Checklist (click to go to Checklist, included in the Cover sheet)

- 1. This section helps identify the data fields that have not been completed. All fields that appear as incomplete should be complete before sending to the Better Care Support Team.
- 2. It is sectioned out by sheet name and contains the description of the information required, cell reference for the question and the 'checker' column which updates automatically as questions within each sheet are completed.
- 3. The checker column will appear 'Red' and contain the word 'No' if the information has not been completed. Clicking on the corresponding 'Cell Reference' column will link to the incomplete cell for completion. Once completed the checker column will change to 'Green' and contain the word 'Yes'
- 4. The 'sheet completed' cell will update when all 'checker' values for the sheet are green containing the word 'Yes'.
- 5. Once the checker column contains all cells marked 'Yes' the 'Incomplete Template' cell (below the title) will change to 'Complete Template'.
- 6. Please ensure that all boxes on the checklist are green before submission.

#### 2. Cover (click to go to sheet)

- 1. The cover sheet provides essential information on the area for which the template is being completed, contacts and sign off.
- 2. Question completion tracks the number of questions that have been completed; when all the questions in each section of the template have been completed the cell will turn green. Only when all cells are green should the template be sent to <a href="mailto:england.bettercaresupport@nhs.net">england.bettercaresupport@nhs.net</a>
- 3. Please note that in line with fair processing of personal data we collect email addresses to communicate with key individuals from the local areas for various purposes relating to the delivery of the BCF plans including plan development, assurance, approval and provision of support.

We remove these addresses from the supplied templates when they are collated and delete them when they are no longer needed.

Please let us know if any of the submitted contact information changes during the BCF planning cycle so we are able to communicate with the right people in a timely manner.

## 4. Strategic Narrative (click to go to sheet)

This section of the template should set out the agreed approach locally to integration of health & social care. The narratives should focus on updating existing plans, and changes since integration plans were set out until 2020 rather than reiterating them and can be short. Word limits have been applied to each section and these are indicated on the worksheet.

- 1. Approach to integrating care around the person. This should set out your approach to integrating health and social care around the people, particularly those with long term health and care needs. This should highlight developments since 2017 and cover areas such as prevention.
- 2 i. Approach to integrating services at HWB level (including any arrangements at neighbourhood level where relevant). This should set out the agreed approach and services that will be commissioned through the BCF. Where schemes are new or approaches locally have changed, you should set out a short rationale.
- 2 ii. DFG and wider services. This should describe your approach to integration and joint commissioning/delivery with wider services. In all cases this should include housing, and a short narrative on use of the DFG to support people with care needs to remain independent through adaptations or other capital expenditure on their homes. This should include any discretionary use of the DFG.
- 3. How your BCF plan and other local plans align with the wider system and support integrated approaches. Examples may include the read across to the STP (Sustainability Transformation Partnerships) or ICS (Integrated Care Systems) plan(s) for your area and any other relevant strategies.

You can attach (in the e-mail) visuals and illustrations to aid understanding if this will assist assurers in understanding your local approach.

## 5. Income (click to go to sheet)

- 1. This sheet should be used to specify all funding contributions to the Health and Wellbeing Board's Better Care Fund (BCF) plan and pooled budget for 2019/20. On selected the HWB from the Cover page, this sheet will be pre-populated with the minimum CCG contributions to the BCF, DFG (Disabled Facilities Grant), iBCF (improved Better Care Fund) and Winter Pressures allocations to be pooled within the BCF. These cannot be edited.
- 2. Please select whether any additional contributions to the BCF pool are being made from Local Authorities or the CCGs and as applicable enter the amounts in the fields highlighted in 'yellow'. These will appear as funding sources when planning expenditure. The fields for Additional contributions can be utilised to include any relevant carry-overs from the previous year.
- 3. Please use the comment boxes alongside to add any specific detail around this additional contribution including any relevant carry-overs assigned from previous years. All allocations are rounded to the nearest pound.
- 4. For any questions regarding the BCF funding allocations, please contact England.bettercaresupport@nhs.net

## 6. Expenditure (click to go to sheet)

This sheet should be used to set out the schemes that constitute the BCF plan for the HWB including the planned expenditure and the attributes to describe the scheme. This information is then aggregated and utilised to analyse the BCF plans nationally and sets the basis for future reporting and to particularly demonstrate that National Condition 2 and 3 are met.

The table is set out to capture a range of information about how schemes are being funded and the types of services they are providing. There may be scenarios when several lines need to be completed in order to fully describe a single scheme or where a scheme is funded by multiple funding streams (eg: iBCF and CCG minimum). In this case please use a consistent scheme ID for each line to ensure integrity of aggregating and analysing schemes.

On this sheet please enter the following information:

### 1. Scheme ID:

- This field only permits numbers. Please enter a number to represent the Scheme ID for the scheme being entered. Please enter the same Scheme ID in this column for any schemes that are described across multiple rows.

#### 2. Scheme Name:

- This is a free field to aid identification during the planning process. Please use the scheme name consistently if the scheme is described across multiple lines in line with the scheme ID described above.

#### 3. Brief Description of Scheme

- This is free text field to include a brief headline description of the scheme being planned.

#### 4. Scheme Type and Sub Type:

- Please select the Scheme Type from the drop-down list that best represents the type of scheme being planned. A description of each scheme is available at the end of the table (follow the link to the description section at the top of the main expenditure table).
- Where the Scheme Types has further options to choose from, the Sub Type column alongside will be editable and turn "yellow". Please select the Sub Type from the drop down list that best describes the scheme being planned.
- Please note that the drop down list has a scroll bar to scroll through the list and all the options may not appear in one view.
- If the scheme is not adequately described by the available options, please choose 'Other' and add a free field description for the scheme type in the column alongside.
- While selecting schemes and sub-types, the sub-type field will be flagged in 'red' font if it is from a previously selected scheme type. In this case please clear the sub-type field and reselect from the dropdown if the subtype field is editable.

#### 5. Planned Outputs

- The BCF Planning requirements document requires areas to set out planned outputs for certain scheme types (those which lend themselves to delivery of discrete units of delivery) to help to better understand and account for the activity funded through the BCF.
- The Planned Outputs fields will only be editable if one of the relevant scheme types is selected. Please select a relevant unit from the drop down and an estimate of the outputs expected over the year. This is a numerical field.

### 6. Metric Impact

- This field is collecting information on the metrics that a chem will impact on (rather than the actual planned impact on the metric)
- For the schemes being planned please select from the drop-down options of 'High-Medium-Low-n/a' to provide an indicative level of impact on the four BCF metrics. Where the scheme impacts multiple metrics, this can be expressed by selecting the appropriate level from the drop down for each of the metrics. For example, a discharge to assess scheme might have a medium impact on Delayed Transfers of Care and permanent admissions to residential care. Where the scheme is not expected to impact a metric, the 'n/a' option could be selected from the drop-down menu.

## 7. Area of Spend:

- Please select the area of spend from the drop-down list by considering the area of the health and social system which is most supported by investing in the
- Please note that where 'Social Care' is selected and the source of funding is "CCG minimum" then the planned spend would count towards National Condition 2.
- If the scheme is not adequately described by the available options, please choose 'Other' and add a free field description for the scheme type in the column alongside.
- We encourage areas to try to use the standard scheme types where possible.

## 8. Commissioner:

- Identify the commissioning entity for the scheme based on who commissions the scheme from the provider. If there is a single commissioner, please select the option from the drop-down list.
- Please note this field is utilised in the calculations for meeting National Condition 3.
- If the scheme is commissioned jointly, please select 'Joint'. Please estimate the proportion of the scheme being commissioned by the local authority and CCG/NHS and enter the respective percentages on the two columns alongside.

## 9. Provider:

- Please select the 'Provider' commissioned to provide the scheme from the drop-down list.
- If the scheme is being provided by multiple providers, please split the scheme across multiple lines.

## 10. Source of Funding:

- Based on the funding sources for the BCF pool for the HWB, please select the source of funding for the scheme from the drop-down list
- If the scheme is funding across multiple sources of funding, please split the scheme across multiple lines, reflecting the financial contribution from each.

## 11. Expenditure (£) 2019/20:

- Please enter the planned spend for the scheme (or the scheme line, if the scheme is expressed across multiple lines)
- 12. New/Existing Scheme
- Please indicate whether the planned scheme is a new scheme for this year or an existing scheme being carried forward.

This is the only detailed information on BCF schemes being collected centrally for 2019/20 and will inform the understanding of planned spend for the iBCF and Winter Funding grants.

## 7. HICM (click to go to sheet)

National condition four of the BCF requires that areas continue to make progress in implementing the High Impact Change model for managing transfers of care and continue to work towards the centrally set expectations for reducing DToC. In the planning template, you should provide:

- An assessment of your current level of implementation against each of the 8 elements of the model from a drop-down list
- Your planned level of implementation by the end March 2020 again from a drop-down list

A narrative that sets out the approach to implementing the model further. The Narrative section in the HICM tab sets out further details.

#### 8. Metrics (click to go to sheet)

This sheet should be used to set out the Health and Wellbeing Board's performance plans for each of the Better Care Fund metrics in 2019/20. The BCF requires plans to be agreed for the four metrics. This should build on planned and actual performance on these metrics in 2018/19.

- 1. Non-Elective Admissions (NEA) metric planning:
- BCF plans as in previous years mirror the latest CCG Operating Plans for the NEA metric. Therefore, this metric is not collected via this template.
- 2. Residential Admissions (RES) planning:
- This section requires inputting the information for the numerator of the measure.
- Please enter the planned number of council-supported older people (aged 65 and over) whose long-term support needs will be met by a change of setting to residential and nursing care during the year (excluding transfers between residential and nursing care) for the Residential Admissions numerator
- The prepopulated denominator of the measure is the size of the older people population in the area (aged 65 and over) taken from ONS subnational population projections.
- The annual rate is then calculated and populated based on the entered information.
- Please include a brief narrative associated with this metric plan
- 3. Reablement (REA) planning:
- This section requires inputting the information for the numerator and denominator of the measure.
- Please enter the planned denominator figure, which is the planned number of older people discharged from hospital to their own home for rehabilitation (or from hospital to a residential or nursing care home or extra care housing for rehabilitation, with a clear intention that they will move on/back to their own home).
- Please then enter the planned numerator figure, which is the planned number of older people discharged from hospital to their own home for rehabilitation (from within the denominator) that will still be at home 91 days after discharge.
- The annual proportion (%) Reablement measure will then be calculated and populated based on this information.
- Please include a brief narrative associated with this metric plan
- 4. Delayed Transfers of Care (DToC) planning:
- The expectations for this metric from 2018/19 are retained for 2019/20 and these are prepopulated.
- Please include a brief narrative associated with this metric plan.
- This narrative should include details of the plan, agreed between the local authority and the CCG for using the Winter Pressures grant to manage pressures on the system over Winter.

#### 9. Planning Requirements (click to go to sheet)

This sheet requires the Health & Wellbeing Board to confirm whether the National Conditions and other Planning Requirements detailed in the BCF Policy Framework and the BCF Requirements document are met. Please refer to the BCF Policy Framework and BCF Planning Requirements documents for 2019/20 for further details.

The Key Lines of Enquiry (KLOE) underpinning the Planning Requirements are also provided for reference as they will be utilised to assure plans by the regional assurance panel.

- 1. For each Planning Requirement please select 'Yes' or 'No' to confirm whether the requirement is met for the BCF Plan.
- 2. Where the confirmation selected is 'No', please use the comments boxes to include the actions in place towards meeting the requirement and the target timeframes.

# 10. CCG-HWB Mapping (click to go to sheet)

The final sheet provides details of the CCG - HWB mapping used to calculate contributions to Health and Wellbeing Board level non-elective activity figures.

2. Cover

Version 1.2

Please Note:

- You are reminded that much of the data in this template, to which you have privileged access, is management information only and is not in the public domain. It is not to be shared more widely than is necessary to complete the return.
- Please prevent inappropriate use by treating this information as restricted, refrain from passing information on to others and use it only for the purposes for which it is provided. Any accidental or wrongful release should be reported immediately and may lead to an inquiry. Wrongful release includes indications of the content, including such descriptions as "favourable" or "unfavourable".
- Please note that national data for plans is intended for release in aggregate form once plans have been assured, agreed and baselined as per the due process outlined in the BCF Planning Requirements for 2019/20.
- This template is password protected to ensure data integrity and accurate aggregation of collected information. A resubmission may be required if this is breached.

### 4. Strategic Narrative

Selected Health and Wellbeing Board: East Sussex

# Please outline your approach towards integration of health & social care:

When providing your responses to the below sections, please highlight any learning from the previous planning round (2017-2019) and cover any priorities for reducing health inequalities under the Equality Act 2010.

Please note that there are 4 responses required below, for questions: A), B(i), B(ii) and C)

Link to B) (i) Link to B) (ii)

Link to C)

## A) Person-centred outcomes

our approach to integrating care around the person, this may include (but is not limited

Prevention and self-care

Promoting choice and independence

Remaining Word Limit: 965

In East Sussex, work continues on progressing our comprehensive approach to prevention and reducing health inequalities that cuts across our key clinical priorities and care pathways, from supporting healthy lifestyles and greater levels of self-management, personalised care and shared decision-making, through to early intervention and proactive care.

Our work on integration to date provides a firm foundation for our next steps as it has delivered a comprehensive and coordinated range of preventative services, that are critical to giving every child the best start in life, helping people to help themselves, stay healthy to improve their health as well as delivering proactive care and support services to some of the most vulnerable members of the community, and supports key aspects of the health and care pathway. This includes:

- Commissioning the Healthy Child Programme the 0-5 service is jointly delivered by health visitors, children's centre staff and family keywork, with the 5-19 healthy child programme delivered through the school health service
- Supporting nurseries, schools and hospitals to become health promoting settings
- Introduction of One You East Sussex, an integrated lifestyle service, which delivers individual behaviour change support as well as providing Making Every Contact Count (MECC) training to health, social care, housing and voluntary and community sector staff and volunteers
- Support for vulnerable people living in cold homes delivered by our Warm Home Check Service
- Launched in 2014, Healthy Hastings and Rother which aims to reduce health inequalities in our most disadvantaged communities. In order to find out more about the programme and its achievements see:

www.hastingsandrotherccg.nhs.uk/your-health/healthyhastingsandrother/

- As acknowledged by the Care Quality Commission (CQC) a well-established voluntary and community sector in East Sussex that has worked with system partners to develop a number of services to help people to stay in their own homes.
- Our joint commissioning of a range of early intervention and prevention services and support from the Voluntary & Community Sector (VCS). For example the Take Home and Home from Hospital services that helps avoid hospital admission and supports hospital discharge; the development of Good Neighbour Schemes, and; Supper Clubs for people living with dementia and their carers.
- Supporting People services?
- Joint working and investment in key partnership programmes such as Personal and Community Resilience to enable a systematic approach to working with the strengths and assets in our communities.
- · Add some brief detail about prevention in the context of integrated health and social care delivery e.g. proactive care and frailty

In line with priorities we have and continue to take action on prevention and reducing health inequalities across the life span, for example, in:

- · Helping people help themselves through adopting personalisation and self-management, including developing the digital tools to enable them to do this
- Keeping vulnerable people safe e.g. good early years, healthy places and productive healthy ageing
- Driving sustainable economic growth e.g. good quality work opportunities and improved incomes for the low-waged
- Targeting help where it is most needed in communities and population groups, and reflecting the real-life context of people's lives.

(see Appendix 2 for further narrative)

#### B) HWB level

(i) Your approach to integrated services at HWB level (and neighbourhood where applicable), this may include (but is not limited
to):

- Joint commissioning arrangements
- Alignment with primary care services (including PCNs (Primary Care Networks))
- Alignment of services and the approach to partnership with the VCS (Voluntary and Community Sector)

Remaining Word Limit:

^^ Link back to top

The longer term outcomes we have been working towards in East Sussex are improving population health, improving the quality and experience of care, and improving the financial sustainability of services. In recent years we have progressed our integrated working in East Sussex through two programmes; East Sussex Better Together (ESBT) and Connecting 4 You (C4Y). Moving forward in 2019/20 it has been agreed to bring these two programmes together into a single East Sussex health and care transformation programme.

During the latter part of 2018/19 and early 2019/20 we have taken steps to secure agreement to the following arrangements:

- Bringing together our two East Sussex programmes (C4Y and ESBT) into a single programme for health and social care transformation and integration covering our whole population;
- Agreement to develop a joint East Sussex longer term plan for integration and transformation to take us beyond our immediate programme priorities in 2019/20, to broaden our focus as well as contribute to delivering the commitments in the NHS LTP;
- Putting in place partnership governance arrangements for our system to support this, including resetting our HWB to enable more robust oversight of our health and social care system as recommended by our CQC Local Area Review. This governance is evolving as we move into the next phase of our transformation programme to address both local East Sussex priorities and the NHS LTP, and from September 2019 is being broadened out to include District and Borough Councils, Healthwatch and the Voluntary and Community Sector, alongside statutory CCG and Local Authority health and social care commissioners and providers, NHS acute, community and mental health providers, Primary Care Networks, and Public Health. This will enable plans to be aligned to deliver the East Sussex Plan on behalf of the Health and Wellbeing Board, including the wider determinants of health.
- Taking forward a proposal for three East Sussex Clinical Commissioning Groups (CCGs) to merge into a single CCG for East Sussex;
- Developing an Integrated Care Partnership (ICP) in East Sussex to mirror the population health and care commissioning footprint, and;
- Developing integrated population health and care commissioning within our East Sussex place, as part of the wider strategic commissioning function of the Sussex Health and Care Partnership

Our immediate transformation programme and organisational priorities for 2019/20 reflected: the continued need for grip on financial recovery; reducing pressure on hospital services delivery; delivering community health and social care responsiveness, and; ensuring good use of, and shorter waits for, planned care. This was achieved through consolidating the financial recovery work, ESBT and C4Y objectives into a programme of transformation priorities for the next 6-12 months across urgent care, planned care and community that aligns across the population of East Sussex.

Alongside delivery of 2019/20 plans our key priority in East Sussex is to develop a longer term transformation plan. This will ensure a whole population focus across the East Sussex health and social care economy, as well as informing the transformation and integration priorities and plans for 2020/21 in more detail, covering prevention, community, planned care, urgent care and mental health.

As part of this we are developing a target operating model for community health and social care services based on the learning from pilot projects on co-location and care coordination, HomeFirst pathways (discharge to assess) and integrated hospital discharge. This will enable delivery of NHS LTP commitments and align with expected developments under the PCN Network Contract DES for 2020/21, integrated working with mental health services and the recommissioning of services and pathways provided by voluntary organisations such as Carers Support and Home from Hospital/Take Home and Settle services. The full implementation of the target operating model for integrated community health and social care services will include working with Primary Care Networks to jointly deliver by 2020/21:

o Improved crisis response within two hours and reablement care within two days; o Anticipatory care; o Enhanced Health in Care Homes; o Structure medication review requirements for priority groups; o Personalised care and early cancer support, and;

o The continued implementation of Extended Access in 2019/20 and 2020/21

(ii) Your approach to integration with wider services (e.g. Housing), this should include:
- Your approach to using the DFG to support the housing needs of people with disabilities or care needs. This should include any
arrangements for strategic planning for the use of adaptations and technologies to support independent living in line with the

^^ Link back to top

Draft terms of reference have been produced for our East Sussex System Health and Social Care Partnership Board and a first meeting will take place on 20th September. This has been set up to oversee development of our Integrated Care Partnership proposals and delivery of the East Sussex Plan, taking in the wider determinants of health. The broader proposed membership includes Primary Care Networks, District and Borough Councils, Healthwatch and the voluntary sector, alongside statutory CCG and Local Authority health and social care commissioners and providers, NHS acute, community and mental health providers, Primary Care Networks, and Public Health.

The System Partnership Board is intended to be a strategic planning body, enabling our whole system to collectively lead on behalf of the HWB the delivery of the system transformation required to:

414

• Meet the health and care needs of our population

Remaining Word Limit:

- Improve the health of or population and reduce health inequalities
- Respond to the NHS Long Term Plan in East Sussex through overseeing the strategic development and delivery of our longer term East Sussex Plan

Part of this will involve ensuring proposals are developed and implemented for our future East Sussex Integrated Care Partnership (ICP). This will ultimately govern how we operate together in a more integrated way in our localities across primary, community, acute, mental health and social care and the services that impact on the broader determinants of health, for the benefit of our population.

In order to do this effectively this new system partnership board will involve a broad membership from across our system to ensure a clear focus on prevention and the wider determinants of health, as well as making improvements to the quality of care we deliver as a system.

Whilst the DFG funding is passed down in its entirety, deployment of the DFG funding within the BCF is overseen by the East Sussex Housing Officers group with representation from East Sussex County Council as well as the Housing departments within local District and Borough Councils. This group provides a countywide strategic approach to housing and support issues and oversee to ensure effective use of the funding available, including use of adaptations to support independent living, Inlcuding the establishment of Occupational Therapy teams aligned to each of the Housing departments.

C) System level alignment, for example this may include (but is not limited to):

- How the BCF plan and other plans align to the wider integration landscape, such as STP/ICS plans
- A brief description of joint governance arrangements for the BCF plan

A brief description of joint governance arrangements for the BCF plan

A Link back to top

Remaining Word Limit:

Alongside delivery of 2019/20 plans our key priority in East Sussex is to develop a longer term transformation plan. This will ensure a whole population focus across the East Sussex health and social care economy, and inform the transformation and integration priorities and plans for 2020/21 in more detail, including delivering the commitments in the NHS LTP and the wider Sussex Health and Care Partnership (STP) strategy.

Our East Sussex Plan is a joint health and social care plan that builds on everything we currently understand to produce an up to date statement about our transformation and integration plans for the next 3-5 years, covering:

- 1. the needs of our whole East Sussex population and the outcomes required to meet them;
- 2. the finance and activity modelling across the next 3 5 year period;
- 3. our plans for driving the transformation and integration required to meet population health and care needs, reduce health inequalities and deliver longer-term sustainability, including our transformation priorities for 2020/21, and;
- 4. the development of our East Sussex Integrated Care Partnership (ICP) and integrated delivery with our Primary Care Networks, and our integrated population health and care commissioner arrangements.

Through doing this we will delive

- Full implementation of a target operating model for integrated community health and social care services working with Primary Care Networks to jointly deliver by 2020/21:
- o Improved crisis response within two hours and reablement care within two days;
- o Anticipatory care;
- o Enhanced Health in Care Homes
- o Structure medication review requirements for priority groups;
- o Personalised care and early cancer support
- o The continued implementation of Extended Access in 2019/20 and 2020/21
- A full description of our financial model from 2020/21 to 2023/24 that demonstrates the shift in investment to primary care and community health care, including meeting the new primary medical and community health service funding guarantee.
- The continued implementation of our urgent care plans, including:
- o Meeting the A&E standard
- o Implementation of our integrated urgent care model
- o Urgent Treatment Centres by December 2019
- o New 111 and CAS by April 2020
- The continued implementation of our planned care programme including:
- o Increasing elective care activity to reduce elective waiting lists
- o Enabling choice through expanding digital and online services, and implementing a choice policy for those who reach a 26 week wait
- o Transforming outpatients care
- o Faster access to diagnosis and treatment for people with MSK conditions and supporting more patients to effectively self-manage their conditions (see Appendix 2 for further narrative)

Enablers for Integration	Schemes that build and develop the enabling foundations of health and social care integration encompassing a wide range of potential areas including technology, workforce, market development (Voluntary Sector Business Development: Funding the business development and preparedness of local voluntary sector into provider Alliances/ Collaboratives) and programme management related schemes. Joint commissioning infrastructure includes any personnel or teams that enable joint commissioning. Schemes could be focused on Data Integration, System IT Interoperability, Programme management, Research and evaluation, Supporting the Care Market, Workforce development, Community asset mapping, New governance arrangements, Voluntary Sector Development, Employment services, Joint commissioning infrastructure amongst others.	
High Impact Change Model for Managing Transfer of Care	The eight changes or approaches identified as having a high impact on supporting timely and effective discharge through joint working across the social and health system. The Hospital to Home Transfer Protocol or the 'Red Bag' scheme, while not in the HICM as such, is included in this section.	Chg 1. Early Discharge Planning Chg 2. Systems to Monitor Patient Flow Chg 3. Multi-Disciplinary/Multi-Agency Discharge Teams Chg 4. Home First / Discharge to Access Chg 5. Seven-Day Services Chg 6. Trusted Assessors Chg 7. Focus on Choice Chg 8. Enhancing Health in Care Homes Other - 'Red Bag' scheme Other approaches
Home Care or Domiciliary Care	A range of services that aim to help people live in their own homes through the provision of domiciliary care including personal care, domestic tasks, shopping, home maintenance and social activities. Home care can link with other services in the community, such as supported housing, community health services and voluntary sector services.	
Housing Related Schemes	This covers expenditure on housing and housing-related services other than adaptations; eg: supported housing units.	

Integrated Care Planning and Navigation	Care navigation services help people find their way to appropriate	Care Coordination
	services and support and consequently support self-management.	Single Point of Access
	Also, the assistance offered to people in navigating through the	Care Planning, Assessment and Review
	complex health and social care systems (across primary care,	Other
	community and voluntary services and social care) to overcome	
	barriers in accessing the most appropriate care and support. Multi-	
	agency teams typically provide these services which can be online or	
	face to face care navigators for frail elderly, or dementia navigators	
	etc. This includes approaches like Single Point of Access (SPoA) and	
	linking people to community assets.	
	Integrated care planning constitutes a co-ordinated, person centred	
	and proactive case management approach to conduct joint	
	assessments of care needs and develop integrated care plans typically	
	carried out by professionals as part of a multi-disciplinary, multi-	
	agency teams.	
	Note: For Multi-Disciplinary Discharge Teams and the HICM for	
	managing discharges, please select HICM as scheme type and the	
	relevant sub-type. Where the planned unit of care delivery and funding	
	is in the form of Integrated care packages and needs to be expressed in	
	such a manner, please select the appropriate sub-type alongside.	
Intermediate Care Services	Short-term intervention to preserve the independence of people who	Bed Based - Step Up/Down
	might otherwise face unnecessarily prolonged hospital stays or	Rapid / Crisis Response
	avoidable admission to hospital or residential care. The care is person-	Reablement/Rehabilitation Services
	centred and often delivered by a combination of professional groups.	Other
	Four service models of intermediate care are: bed-based intermediate	
	care, crisis or rapid response (including falls), home-based	
	intermediate care, and reablement or rehabilitation. Home-based	
	intermediate care is covered in Scheme-A and the other three models	
	are available on the sub-types.	

Demonstrated Dudgesting and Commission !	Various names and an associate as a substitute of the destination	Description of the Description o
Personalised Budgeting and Commissioning	Various person centred approaches to commissioning and budgeting.	Personal Health Budgets
		Integrated Personalised Commissioning
		Direct Payments
		Other
Personalised Care at Home	Schemes specifically designed to ensure that a person can continue to	
	live at home, through the provision of health related support at home	
	often complemented with support for home care needs or mental	
	health needs. This could include promoting self-management/expert	
	patient, establishment of 'home ward' for intensive period or to	
	deliver support over the longer term to maintain independence or	
	offer end of life care for people. Intermediate care services provide	
	shorter term support and care interventions as opposed to the ongoing	
	support provided in this scheme type.	
Prevention / Early Intervention		Social Prescribing
	Services or schemes where the population or identified high-risk	Risk Stratification
	groups are empowered and activated to live well in the holistic sense	Choice Policy
	thereby helping prevent people from entering the care system in the	Other
	first place. These are essentially upstream prevention initiatives to	
	promote independence and well being.	
Residential Placements	Residential placements provide accommodation for people with	Supported Living
	learning or physical disabilities, mental health difficulties or with sight	Learning Disability
	or hearing loss, who need more intensive or specialised support than	Extra Care
	can be provided at home.	Care Home
	land to provided at nome.	Nursing Home
		Other
Other	Where the scheme is not adequately represented by the above	
	scheme types, please outline the objectives and services planned for	
	the scheme in a short description in the comments column.	
	and a street description in the comments solution

7. High Impact Change Model

Selected Health and Wellbeing Board:

East	Sussex

Explain your priorities for embedding elements of the High Impact Change Model for Managing Transfers of Care locally, including:

- Current performance issues to be addressed
- The changes that you are looking to embed further including any changes in the context of commitments to reablement and Enhanced Health in Care Homes in the NHS Long-Term Plan
- Anticipated improvements from this work

Work continues in East Sussex to reduce unnecessary extended hospital stays and ensure that patients are discharged without delay when their acute care is complete, while ensuring they receive the right level of support to meet their on-going health and social care needs. The priority for 19/20 is the inplmentation of the Integrated Discharge team (IDT) at both ESHT sites aligned with and supporting the Home First (HF) pathways.

This will further embed changes 1,2.3 and 4 of the HICM in East Sussex as the key characteristics and benefits of the IDT and HF model are:

a) A single point of contact for patients that require a community package of care in order to be discharged

		Please enter current position of maturity	Please enter the maturity level planned to be reached by March 2020	If the planned maturity level for 2019/20 is below established, please state reasons behind that?

### 8. Metrics

Selected Health and Wellbeing Board: East Sussex

## **8.1 Non-Elective Admissions**

	19/20 Plan	Overview Narrative
		The key focus of the Urgent Care programme is to transform urgent and emergency
Total number of	Collection of the NEA metric	care services in East Sussex to ensure that, in an emergency, people are treated in the
specific acute	plans via this template is not	most appropriate place by the right clinical and/or social care service. The programme
non-elective	required as the BCF NEA metric	focuses on building pathways and capacity within our community and primary care
spells per	plans are based on the NEA CCG	services to reduce to support patients in their own home. The programme is aligned to
100,000	operating plans submitted tha	the community service re-design to enable the outcomes from the programme. It
population	SDCS.	builds on the services already provided in our Emergency Departments, acute medicine
		and surgical assessment units to make sure that those seeking urgent care are seen by

Please set out the overall plan in the HWB area for reducing Non-Elective Admissions, including any assessment of how the schemes and enabling activity for Health and Social Care Integration are expected to impact on the metric.

Plans are yet to be finalised and signed-off so are subject to change; for the latest version of the NEA CCG operating plans at your HWB footprint please contact your local Better Care Manager (BCM) in the first instance or write in to the support inbox:

# 8.2 Delayed Transfers of Care

	19/20 Plan	Overview Narrative
Delayed Transfers of Care per day (daily delays) from hospital (aged 18+)	39.7	Further implmentation of the changes within the HICM is planned with the intitiation of an Integrated Discharge Team at boith ESHT sites aligned with and supporting the Home First (HF) pathways. These new, joined up pathways are designed to get medically fit people home from hospital sooner, and to make sure that assessments for community support and decisions about longer term care are not made in hospital. Work will also take place to look at the best ways for different teams and services to work together to provide integrated, rapid response, community services to support discharge from hospital and avoid unnecessary hospital admissions. This will be complemented by the continuing development of the Crisis Response service (referenced elsewhere in this summary) which will continue to avoid unnecessary

Please set out the overall plan in the HWB area for reducing Delayed Transfers of Care to meet expectations set for your area. This should include any assessment of how the schemes and enabling activity for Health and Social Care Integration are expected to impact on the metric. Include in this, your agreed plan for using the Winter Pressures grant funding to support the local health and care system to manage demand pressures on the NHS, with particular reference to seasonal winter pressures.

Please note that the plan figure for Greater Manchester has been combined, for HWBs in Greater Manchester please comment on individuals HWBs rather than Greater Manchester as a whole. Please note that due to the merger of Bournemouth, Christchurch and Poole to a new Local Authority will mean that planning information from 2018/19 will not reflect the present geographies.

### 8.3 Residential Admissions

		18/19 Plan	19/20 Plan	Comments
Long-term support needs of older	Annual Rate	492		2018/19 final performance of equated to 699 permanent admissions of older people. Plan for 2019/20 is to reduce
people (age 65 and over) met by admission to residential and nursing	Numerator	700		the number of permanent admissions to 695, based on Mid 2018 population figures (most recent publication) this
care homes, per 100,000 population	Denominator	142,361	145,755	gives a rate 494.1

Please set out the overall plan in the HWB area for reducing rates of admission to residential and nursing homes for people over the age of 65, including any assessment of how the schemes and enabling activity for Health and Social Care Integration are expected to impact on the metric.

Long-term support needs of older people (age 65 and over) met by admission to residential and nursing care homes, per 100,000 population (aged 65+) population projections are based on a calendar year using the 2016 based Sub-National Population Projections for Local Authorities in England;

Please note that due to the merger of the Bournemouth, Christchurch and Poole Local Authorities, this will mean that planning information from 2018/19 will not reflect the present geographies.

### 8.4 Reablement

			18/19 Plan	19/20 Plan	Comments
Proportion of older people (65 and over) who were still at home 91 days after discharge from hospital into reablement / rehabilitation	Annual (%)	90.2%		2019/20 plan continues to maintain performance above 90%	
	Numerator	266	490		
services		Denominator	295	544	

Please set out the overall plan in the HWB area for increasing the proportion of older people who are still at home 91 days after discharge from hospital into reablement/rehabilitation, including any assessment of how the schemes and enabling activity for Health and Social Care Integration are expected to impact on the metric.

Please note that due to the merger of the Bournemouth, Christchurch and Poole Local Authorities, this will mean that planning information from 2018/19 will not reflect the present geographies.

## 9. Confirmation of Planning Requirements

Selected Health and Wellbeing Board:

East Sussex

Theme	Code	Planning Requirement	Key considerations for meeting the planning requirement These are the Key Lines of Enquiry (KLOEs) underpinning the Planning Requirements (PR)	Please confirm whether your BCF plan meets the Planning Requirement?	Please note any supporting documents referred to and relevant page numbers to assist the assurers	Where the Planning requirement is not met, please note the actions in place towards meeting the requirement	Where the Planning requirement is not met, please note the anticipated timeframe for meeting it
meme	PR1	A jointly developed and agreed plan that all parties sign up to	Has a plan; jointly developed and agreed between CCG(s) and LA; been submitted?  Has the HWB approved the plan/delegated approval pending its next meeting?  Have local partners, including providers, VCS representatives and local authority service leads (including housing and DFG leads) been involved in the development of the plan?  Do the governance arrangements described support collaboration and integrated care?  Where the strategic narrative section of the plan has been agreed across more than one HWB, have individual income, expenditure, metric and HICM sections of the plan been submitted for each HWB concerned?	Yes			
NC1: Jointly agreed plan	PR2	A clear narrative for the integration of health and social care	is there a narrative plan for the HWB that describes the approach to delivering integrated health and social care that covers:  - Person centred care, including approaches to delivering joint assessments, promoting choice, independence and personalised care?  - A clear approach at HWB level for integrating services that supports the overall approach to integrated care and confirmation that the approach supports delivery at the interface between health and social care?  - A description of how the local BGr plan and other integration plans e.g. STP/ICSs align?  - is there a description of how the plan will contribute to reducing health inequalities (as per section 4 of the Health and Social Care Act) and to reduce inequalities for people with protected characteristics under the Equality Act 2010? This should include confirmation that equality impacts of the local BGF plan have been considered, a description of local priorities related to health inequality and equality that the BCF plan will contribute to addressing.  Has the plan summarised any changes from the previous planning period? And noted (where appropriate) any lessons learnt?	Yes			
	PR3	A strategic, joined up plan for DFG spending	is there confirmation that use of DFG has been agreed with housing authorities?  Does the narrative set out a strategic approach to using housing support, including use of DFG funding that supports independence at home.  In two tier areas, has:  - Agreement been reached on the amount of DFG funding to be passed to district councils to cover statutory Disabled Facilities Grants? or  - The funding been passed in its entirety to district councils?	Yes			
NC2: Social Care Maintenance	PR4	A demonstration of how the area will maintain the level of spending on social care services from the CCG minimum contribution to the fund in line with the uplift in the overall contribution	Does the total spend from the CCG minimum contribution on social care match or exceed the minimum required contribution (autovalidated on the planning template)?	Yes			
NC3: NHS commissioned Out of Hospital Services	PR5	Has the area committed to spend at equal to or above the minimum allocation for NHS commissioned out of hospital services from the CCG minimum BCF contribution?	Does the total spend from the CCG minimum contribution on non-acute, NH5 commissioned care exceed the minimum ringfence (auto-validated on the planning template)?	Yes			

Theme	Code	Planning Requirement	Key considerations for meeting the planning requirement These are the Key Lines of Enquiry (KLOEs) underpinning the Planning Requirements (PR)	Please confirm whether your BCF plan meets the Planning Requirement?	Please note any supporting documents referred to and relevant page numbers to assist the assurers	Where the Planning requirement is not met, please note the actions in place towards meeting the requirement	Where the Planning requirement is not met, please note the anticipated timeframe for meeting it
NC4: Implementation of the High Impact Change Model for Managing Transfers of Care	PR6	Is there a plan for implementing the High impact Change Model for managing transfers of care?	Does the BCF plan demonstrate a continued plan in place for implementing the High Impact Change Model for Managing Transfers of Care?  Is the area confirmed the current level of implementation and the planned level at March 2020 for all eight changes?  Is there an accompanying overall narrative setting out the priorities and approach for ongoing implementation of the HICM?  Does the level of ambition set out for implementing the HICM changes correspond to performance challenges in the system?  If the current level of implementation is below established for any of the HICM changes, has the plan included a clear explanation and set of actions towards establishing the change as soon as possible in 2019-20?	Yes			
Agreed expenditure plan for all elements of the BCF	PR7	Is there a confirmation that the components of the Better Care Fund pool that are earmarked for a purpose are being planned to be used for that purpose?	Have the planned schemes been assigned to the metrics they are aiming to make an impact on?  Expenditure plans for each element of the BCF pool match the funding inputs? (auto-vaidated)  Is there confirmation that the use of grant funding is in line with the relevant grant conditions? (tick-box)  Is there an agreed plan for use of the Winter Pressures grant that sets out how the money will be used to address expected demand pressures on the Health system over Winter?  Has funding for the following from the CCG contribution been identified for the area?  - Implementation of Care Act duties?  - Funding dedicated to carer-specific support?  - Reablement?	Yes			
	PR8	Indication of outputs for specified scheme types	Has the area set out the outputs corresponding to the planned scheme types (Note that this is only for where any of the specified set of scheme types requiring outputs are planned)? (auto-validated)	Yes			
Metrics	PR9	Does the plan set stretching metrics and are there clear and ambitious plans for delivering these?	is there a clear narrative for each metric describing the approach locally to meeting the ambition set for that metric?  Is there a proportional range of scheme types and spend included in the expenditure section of the plan to support delivery of the metric ambitions for each of the metrics?  Do the narrative plans for each metric set out clear and ambitious approaches to delivering improvements?  Have stretching metrics been agreed locally for:  - Metric 2: Long term admission to residential and nursing care homes  - Metric 3: Proportion of older people (65 and over) who were still at home 91 days after discharge from hospital into reablement	Yes
