Chief Finance Officer's Foreword

Introduction

This budget summary provides detail on the 2021/22 revenue budget and the Capital Programme to 2029/30. It gives analysis of expenditure by type and also by accountability, along with detail of our resources to finance that expenditure. The summary provides a useful source of information for Council officers, elected members and the public alike.

The 2021/22 Approved Budget

In 2021/22 the Council (including schools) will spend £868.4m to deliver services to the people of East Sussex, with a further £97.9m of investment in infrastructure and assets through its capital programme. The Council's stated priorities outcomes are:-

- Economic Growth;
- Helping people to help themselves;
- Keeping vulnerable people safe; and
- Making the best use of resources.

Revenue Budget

Making best use of our resources means achieving all stated outcomes within the context of increasing demand and diminishing resources available to the Council. In setting the revenue budget, new savings are not being sought; the previously agreed £3.5m will be delivered over the MTFP period with £0.9m being delivered in 2021/22. However the council still faces the ongoing challenges presented by Covid-19 and local government funding reviews and reform. Therefore, while for 2021/22 the budget is balanced, there remain significant uncertainties for future years; not least due to delays in the Comprehensive Spending Review, the Fair Funding Review and Business Rates Retention. At the same time, key services have been protected as far as possible from the effects of increased prices and demand through the Council's core offer.

With the exception of one off grants in support of Covid-19 pressures, Government grants amount to £327.3m; 38% of the total expenditure of the Council.

Council Tax finances 36% of the total expenditure of the Council. For 2021/22 the Council Tax will be increased by 3.49%. Band D Council Tax will therefore be £1,544.04 per annum; an increase of £52.02 on current year.

Capital Programme

The Capital Strategy to 2040/41 has provided the opportunity to review the programme, reset priorities and present a ten-year programme that commits to funding core basic need capital investment to maintain capital assets delivering core services to the residents of East Sussex.

The programme to 2029/30 is £586.0m gross, £527.2m net. The programme focusses on a strategy to deliver core need, in support of the delivery of priority outcomes, as efficiently as possible. Of this, an estimated 36% will be funded by Central Government grants.

Climate Change

An evidence-based climate emergency plan is being developed to identify the measures required for the County Council to get to net zero emissions by 2050 or earlier. This will build on the measures taken to date, which have already reduced the corporate carbon footprint by 46% over the last ten years.

Performance measures and actions will be built into the Council Plan and agreed through the RPPR process in future years; updating our corporate priorities to reflect the priority to reduce emissions to net-zero.

Settlement Funding Assessment 2021/22

For only the second time since the introduction of current formula, Government funding to local authority services has increased. However 2021/22 sees a very limited increase being provided only on the Revenue Support Grant.

Settlement Funding Assessment (SFA):

Funding	2020/21	2021/22	1 year change	1 year change
	£'000	£'000	£'000	%
Business Rates Retention	12,291	12,291	0	0.00%
Business Rates Top-up	62,773	62,773	0	0.00%
Total Business Rates	75,064	75,064	0	0.00%
Revenue Support Grant (RSG)	3,548	3,568	20	0.56%
Total - ESCC	78,612	78,632	20	0.03%

The SFA represents the general funding level provided by Government to local authorities. For 2021/22, the increase in SFA is £0.020m or 0.03%. This represents a Consumer Price Index (CPI) increase to the Revenue Support Grant. The increase is small in comparison to the decreases the Council has experienced in SFA, 2019/20 was the final year of the four year offer, in those four years the SFA decreased £59.653m or (43.5)%

Business rates retention is based on the Government's national assessment of business rate yield. The Council's budget for business rates retention reflects its 9% share of locally collected business rates from information provided by the District and Borough Councils.

Resources - funding / core spending power

Core Spending Power

Core Spending Power represents the Government's assessment of the funding they provide to us. It includes their assumptions on growth and inflation. The calculation is designed to give their view as to how local authority spending is changing overall.

The table below details changes to the County Council's Spending Power for 2015/16 to 2021/22; 2021/22 reflecting a one-year settlement only.

Core Spending Power	2015/16	2016/17	2017/18	2018/19	2019/20	2020/21	2021/22	6 Year Change

¹ For 2020-21, Winter Pressures Grant allocations were rolled into the Improved Better Care Fund, and no longer ringfenced for alleviating winter

² For 2020-21, Social Care Support Grant allocations were rolled into the Social Care Grant.

For the Council, last years Spending Power calculation showed that spending would increase by £54.2m or 14.7% in the 5 years since 2015/16. This year's calculation suggests a 6 year increase in Spending Power of £72.6m or 19.7%. The increase is due to the Government's assumption that councils will take up the allowance to increase Council Tax by 5.99% in 2021/22, which includes an adult social care precept at 3%, there is also additional social care funding of £2.5m.

The Government revises this measure each year, the combination of additional inclusions and changes to Core Spending Power mean the Government's presentation of Core Spending Power may lead to public confusion with regards to the County Council's financial position.

Capital programme to 2029/30

Introduction

The planned capital programme supports the Council's Capital Strategy to 2040/41. It comprises target led basic need investment that supports services in the delivery of priority outcomes to 2029/30. It includes providing for essential school places, investments in roads and transport infrastructure, enhancing the life of existing assets and ensuring they are fit for purpose, as well as support for strategic investment.

The proposed programme includes:

- Improvement to roads and transport infrastructure;
- Integrated transport schemes;
- Providing necessary school places and school access initiatives, safeguarding and temporary accommodation;
- Capital Building Improvements and energy saving measures;
- Supported accommodation and improvements;
- Essential Libraries work to keep libraries in their current condition and stop them from deteriorating;
- Support of Economic Growth and Strategic Infrastructure investment; and
- Investment in energy efficiency technologies.

An estimated 36% (£211.7m) will be funded from Government grants, with 10% (£58.8m) funded from scheme-specific income, requiring the remainder (£315.5m) funded locally through borrowing, capital receipts and use of reserves set aside for a specific purpose.

Total Programme of £586.0m comprising:

This table provides a summary of planned movements in and out of the individual reserves over the financial year 2021/22.

Explanation of key terms

Balances

A working balance is needed so that payments can be made before income is received, and as a cushion against unexpected expenditure during the year.

Band D Property

Property band commonly used to specify the average council tax. The band includes property values between £68,001 and £88,000 (as at 1st April 1991).

Budget

An expression mainly in financial terms of the Council's policy for a specified period.

Business Rates

A charge on commercial and industrial buildings fixed by the Government and collected by District and Borough Councils. As of 2013/14 a proportion is retained and shared locally amongst authorities (including Fire & Rescue), rather than going to the Government for redistribution on a national basis. That part of business rates going to Government is redistributed as "Top-Up" grant, where local need is assessed as greater than the share of business rates retained locally. All County Councils are "Top-Up" authorities, receiving only a small share of business rates.

Depreciation

Amounts charged to services revenue for the use of assets/ infrastructure.

Capital Expenditure / Capital Programme

Expenditure on the acquisition of assets, or which adds to rather than maintains the value of existing assets. It is financed mainly from borrowing and charged to the revenue account over a number of years.

Capital Financing

Capital expenditure is financed by loans, Government grants, external contributions (e.g. developers' contributions to specific schemes) contribution from the revenue account, and proceeds from the sale of assets. The revenue budget bears the cost of direct revenue contributions, together with interest and the provision for repayments of these loans.

Capital Receipts

Income received from the sale of capital assets, together with specific contributions, including Government grants, towards capital expenditure.

Contingency

A sum set aside to meet future pay and price rises over and above provision made in departmental budgets.

Council Tax Requirement

This is an amount calculated, in advance of each year, by each billing authority (e.g. Lewes District Council) and by each major precepting authority, (e.g. East Sussex County Council). It is the amount of revenue to be met from Council Tax, and is equivalent to an authority's Band D Council Tax multiplied by its council tax base.

Dedicated Schools Grant (DSG)

A major ring-fenced government specific grant, introduced in 2006/07, which provides funding for schools and schools-related expenditure.

Earmarked Reserves

Reserves which are set aside for specific purposes.

Government Grants

Contributions by central Government towards either the revenue or capital cost of local authority services.

Levies

A contribution which the County Council is required to make towards the costs of Ashdown Forest Conservators, Environment Agency (for flood defence) and Sussex Inshore Fisheries and Conservation Authority.

Net Budget Requirement

The total expenditure (after deduction of income) that the Council can finance from the aggregation of Revenue Support Grant, Business Rates and Council Tax.

New Homes Bonus

A government grant which is aimed at encouraging local authorities to increase the number of homes in their area.

Precept

The income which the Council requires a District or Borough Council to raise on its behalf from Council Tax.

Provisions and Reserves

Provisions are made for liabilities and losses which are likely or certain to be incurred but the amount or dates on which they will arise cannot be determined accurately. Internal reserves are set aside to finance future expenditure for purposes falling outside the definition of provisions.

Revenue Expenditure

Expenditure that the Council incurs on the day-to-day costs of providing services including principally on pay, running costs of buildings, equipment, third party payments and capital financing costs.

Revenue Support Grant (RSG)

Additional funding received from central government, outside that received through the business rates retention scheme.

Slippage

Actual capital payments or income, spent or received in a year different to that planned in the capital programme.

Specific and Special Grants

Grants paid by central Government for specific services and allocated to local authorities according to specific policies criteria.

Supported Borrowing

The level of borrowing that the Government will support via grant towards interest and principal repayments.

Tax Base

All domestic properties are placed in one of eight valuation bands. The council tax base is calculated according to Government regulations to assess, by proportion, the equivalent number of Band D properties. The County's net expenditure is divided by this number to give the council tax levy.

Third Party Payments

Payments made to agencies and contracted service providers, e.g. payments to private sector nursing homes.

Transfer Payments

Money paid by a local authority to an individual specifically to enable them to pay someone else e.g. awards paid to students to enable them to pay fees.
