School Exclusions	<p>The previous Committee agreed in March 2020 to undertake a Scrutiny Review of issues relating to school exclusions. The Committee also agreed the Terms of Reference proposed by the Scoping Board. Due to the COVID-19 pandemic and its effect on the availability of schools to contribute to further work on this review, it was subsequently paused with the intention to recommence it at a suitable future date.</p> <p>Since the original review was scoped, the Department has commenced a project with ISOS consultancy to draw together aspects of good and emerging practice into a clear, whole-system, strategic approach to inclusion and the use of Alternative Provision for secondary-age pupils in East Sussex.</p> <p>The Committee wishes to recommence this review and will hold a further short scoping meeting to consider the outcomes of the ISOS project and any adjustments required to the existing Terms of Reference before commencing the review.</p>	To be confirmed when second scoping board undertaken in December 2022/ January 2023.

School Attendance	<p>The Committee heard at their 2021 work planning awayday that overall school absence and persistent absence rates across East Sussex are high, when compared to national and statistical neighbours; and that East Sussex has a significant number of children and young people deemed too ill to attend school due to anxiety and poor mental health, and increasing levels of Emotionally-Based School Avoidance.</p> <p>A scoping board meeting was held on 10 March 2022 and the Board agreed that although the subject was appropriate for a Scrutiny Review, as so much of the current situation regarding school absence rates in East Sussex was related to the ongoing impact of, and disruption from, the coronavirus pandemic, it was too early for the Committee to undertake a scrutiny review of school attendance.</p> <p>The Board therefore agreed that the review should commence in Spring 2023 when we expect to have a clearer sense of the long-term impact of COVID on school absences. A further short scoping board meeting will be held in early 2023 to build on issues discussed at the 2022 scoping board and draft Terms of Reference for this review.</p> <p>Membership of the Scoping Board: Cllrs Adeniji, di Cara, Field and Howell (Chair) and Nicola Boulter, Parent Governor Representative.</p>	To be confirmed following a further short scoping board in early 2023.

Elective Home Education	<p>The Committee heard at their 2021 work planning awayday that issues relating to the increase in the numbers of children being electively home educated (EHE) remain a concern for the Children's Services Department and expressed an interest in scrutinising the work the Department is doing in response. The Committee also heard about national developments expected to impact future policy and the approaches of local authorities in this area.</p> <p>The Committee agreed at the November 2021 and March 2022 meetings to retain this as a potential area for review and an update on the Department's work in this area and national developments impacting this work is scheduled for the November 2022 Committee to support consideration of how and whether to progress with a scrutiny review.</p>
