Grant Thornton UK LLP is a limited liability partnership registered in England and Wales: No.OC307742. Registered office: 30 Finsbury Square, London, EC2A 1AG. A list of members is available from our registered office. Grant Thornton UK LLP is authorised and regulated by the Financial Conduct Authority. Grant Thornton UK LLP is a member firm of Grant Thornton International Ltd (GTIL). GTIL and the member firms are not a worldwide partnership. Services are delivered by the member firms. GTIL and its member firms are not agents of, and do not obligate, one another and are not liable for one another's acts or omissions.

Key matters

National context

For the general population, rising inflation, in particular for critical commodities such as energy, food and fuel, is pushing many households into poverty and financial hardship, including those in employment.

The pressures on household income have raised concerns that members will look at their pension contributions as a way of cutting back on their monthly costs. The cost-of-living crisis is having a detrimental impact on pension savings, with some even dipping in to their savings to supplement short-term needs and several members are also requesting early access to their pension after age 55 as a means to financially manage their commitments. The cost of living crisis makes it even more important that lowly paid workers have access to a good quality pension.

Regulation 62 of the Local Government Pension Scheme (LGPS) Regulations requires pension fund administering authorities to obtain an actuarial valuation of the fund's assets and liabilities every three years. Triennial funding valuation reports as at 31 March 2022 were required to be obtained by 31 March 2023. The Code requires actuarial present value of promised retirement benefits to be disclosed by LGPS Funds. We will carry out additional audit work to gain assurance over the valuation process during the 2022/23 audit fieldwork. This will include:

- Documenting the procedures and controls established by the Pension Fund and actuary to ensure the accuracy of data communicated to the actuary, and the adequacy and appropriateness of the method and assumptions used in the valuation;
- Reconciling the data extracts provided to the actuary to the data in the Altair system; and
- Carrying out detailed testing of the data extract submitted to the actuary to gain assurance over completeness and accuracy.

This work will also allow the Pension Fund auditor to provide assurance to other auditors of participating employers where this is requested.

In planning our audit, we will take account of this context in designing a local audit programme which is tailored to your risks and circumstances.

Key matters

Our Responses

- As a firm, we are absolutely committed to audit quality and financial reporting in the local government sector. Our proposed work and fee, as set out further in our Audit Plan, has been agreed with the Chief Finance Officer.
- We will continue to provide you and your Audit Committee with sector updates providing our insight on issues from a range of sources and other sector commentators
- We hold annual financial reporting workshops for our clients to access the latest technical guidance and interpretation , discuss issues with our experts and create networking links with other clients to support consistent and accurate financial reporting across the sector.
- Auditing standards assume an inherent risk of management override of control in respect of financial reporting- refer to page 8.
- We have identified a significant risk in regards to the valuation of Level 3 investments specifically as the valuation of these investments is very sensitive to key assumptions – refer to page 9.

Introduction and headlines

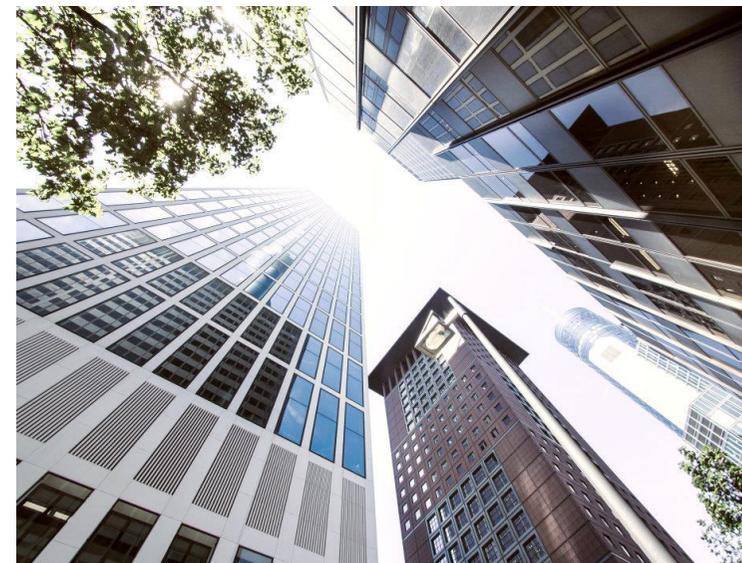

Purpose

This document provides an overview of the planned scope and timing of the statutory audit of East Sussex Pension Fund ('the Pension Fund') for those charged with governance.

Note that for the purposes of the external audit, those charged with governance is considered to be the Audit Committee. However, key reports and findings from the audit will also be reported to the Pension Committee for the Fund.

Respective responsibilities

The National Audit Office ('the NAO') has issued a document entitled Code of Audit Practice ('the Code'). This summarises where the responsibilities of auditors begin and end and what is expected from the audited body. Our respective responsibilities are also set out in the agreed in the Terms of Appointment and Statement of Responsibilities issued by Public Sector Audit Appointments (PSAA), the body responsible for appointing us as auditor of East Sussex Pension Fund. We draw your attention to both of these documents.

Scope of our audit

The scope of our audit is set in accordance with the Code and International Standards on Auditing (ISAs) (UK). We are responsible for forming and expressing an opinion on the Pension Fund's financial statements that have been prepared by management with the oversight of those charged with governance the Audit committee.

The audit of the financial statements does not relieve management or the Audit Committee of your responsibilities. It is the responsibility of the Pension Fund to ensure that proper arrangements are in place for the conduct of its business, and that public sector pensions are safeguarded and properly accounted for. We have considered how the Pension Fund is fulfilling these responsibilities.

Our audit approach is based on a thorough understanding of the Pension Fund's business and is risk based.

Introduction and headlines

Significant risks

Those risks requiring special audit consideration and procedures to address the likelihood of a material financial statement error have been identified as:

- Management override of controls
- Valuation of Level 3 Investments

We will communicate significant findings on these areas as well as any other significant matters arising from the audit to you in our Audit Findings (ISA 260) Report.

Materiality

We have determined planning materiality to be £**m (PY £42.4m) for the Pension Fund, which equates to *% of your prior year net assets as at 31/03/2022. We are obliged to report uncorrected omissions or misstatements other than those which are 'clearly trivial' to those charged with governance.

Clearly trivial has been set at £**m (PY £2.1m).

Audit logistics

Our audit planning work was completed in March/April 2023 and the date of our final fieldwork visit is in discussion between our team and your Finance Team. Our key deliverables are this Audit Plan, our Audit Findings Report and Auditor's Annual Report.

Our proposed fee for the audit will be £46,871 (PY: TBC) for the Pension Fund, subject to the Pension Fund delivering a good set of financial statements and working papers. Note we have not yet completed the 2021/22 audits of the County Council and Pension Fund financial statements for the reasons reported in our Audit Findings Reports at Audit Committee (therefore the final fee for 2021/22 remains TBC)

We have complied with the Financial Reporting Council's Ethical Standard (revised 2019) and we as a firm, and each covered person, confirm that we are independent and are able to express an objective opinion on the financial statements.

New Auditing Standards

There are two auditing standards which have been significantly updated this year. These are ISA 315 (Identifying and assessing the risks of material misstatement) and ISA 240 (the auditor's responsibilities relating to fraud in an audit of financial statements). We provide more detail on the work required later in this plan.

Significant risks identified

Significant risks are defined by ISAs (UK) as risks that, in the judgement of the auditor, require special audit consideration. In identifying risks, audit teams consider the nature of the risk, the potential magnitude of misstatement, and its likelihood. Significant risks are those risks that have a higher risk of material misstatement.

Risk	Reason for risk identification	Key aspects of our proposed response to the risk
ISA240 fraudulent revenue recognition	<p>Under ISA (UK) 240 there is a rebuttable presumed risk that revenue may be misstated due to the improper recognition of revenue. This presumption can be rebutted if the auditor concludes that there is no risk of material misstatement due to fraud relating to revenue recognition.</p> <p>Having considered the risk factors set out in ISA240 and the nature of the revenue streams at the Fund, we have determined that the risk of fraud arising from revenue recognition can be rebutted, because:</p> <ul style="list-style-type: none"> • There is little incentive to manipulate revenue recognition; • Opportunities to manipulate revenue recognition are very limited; • The culture and ethical frameworks of local authorities, including East Sussex Pension Fund, mean that all forms of fraud are seen as unacceptable <p>Therefore we do not consider this to be a significant risk for East Sussex Pension Fund.</p>	Significant risk rebutted.
Fraudulent expenditure recognition	<p>We have also considered the risk of material misstatement due to the fraudulent recognition of expenditure. We have considered each material expenditure area, and the control environment for accounting recognition. We were satisfied that this did not present a significant risk of material misstatement in the 2022/23 accounts as:</p> <ul style="list-style-type: none"> • The control environment around expenditure recognition (understood through our documented risk assessment understanding of your business processes) is considered to be strong; • We have not found significant issues, errors or fraud in expenditure recognition in the prior 3 years audits; • Our view is that, similarly to revenues, there is little incentive to manipulate expenditure recognition. <p>Therefore we do not consider this to be a significant risk for East Sussex Pension Fund.</p>	Significant risk rebutted.

'Significant risks often relate to significant non-routine transactions and judgmental matters. Non-routine transactions are transactions that are unusual, due to either size or nature, and that therefore occur infrequently. Judgmental matters may include the development of accounting estimates for which there is significant measurement uncertainty.' (ISA (UK) 315)

Significant risks identified (continued)

Risk	Reason for risk identification	Key aspects of our proposed response to the risk
Management over-ride of controls	<p>Under ISA (UK) 240 there is a non-rebuttable presumed risk that the risk of management over-ride of controls is present in all entities. The Fund faces external scrutiny of its spending and stewardship of funds and this could potentially place management under undue pressure in terms of how they report performance.</p> <p>We therefore identified management override of control, in particular journals, management estimates and transactions outside the course of business as a significant risk.</p>	<p>We will:</p> <ul style="list-style-type: none"> • Evaluate the design effectiveness of management controls over journals; • Analyse the journals listing and determine the criteria for selecting unusual journals; • Test unusual journals recorded during the year and after the draft accounts stage for appropriateness and corroboration; • Gain an understanding of the accounting estimates and critical judgements applied by management and consider their reasonableness with regard to corroborative evidence; and • Evaluate the rationale for any changes in accounting policies, estimates or significant unusual transactions.

Significant risks identified (continued)

Risk	Reason for risk identification	Key aspects of our proposed response to the risk
Valuation of Level 3 Investments	<p>You revalue your investments on an annual basis with the aim of ensuring that the carrying value of these investments is not materially different from their fair value at the balance sheet date.</p> <p>By their nature level 3 investment valuations lack observable inputs. These valuations therefore represent a significant estimate by management in the financial statements due to the size of the numbers involved (£944 million) and the sensitivity of this estimate to changes in key assumptions.</p> <p>Under ISA 315 significant risks often relate to significant non-routine transactions and judgemental matters. Level 3 investments by their very nature require a significant degree of judgement to reach an appropriate valuation at year end.</p> <p>Management utilise the services of investment managers as valuation experts to estimate the fair value as at 31 March 2023. We therefore identified valuation of Level 3 investments as a significant risk.</p>	<p>We will:</p> <ul style="list-style-type: none"> • Evaluate management's processes for valuing Level 3 investments; • Review the nature and basis of estimated values and consider what assurance management has over the year end valuations provided for these types of investments; against the requirements of the Code; • Independently request year-end confirmations from investment managers and custodian; • For a sample of investments, test the valuation by obtaining and reviewing the audited accounts at the latest date for individual investments and agreeing these to the fund manager reports at that date. Reconcile those values to the values at 31 March 2023 with reference to known movements in the intervening period; • In the absence of available audited accounts, we will evaluate the competence, capabilities and objectivity of the valuation expert; and • Where available review investment manager service auditor report on design effectiveness of internal controls.

Management should expect engagement teams to challenge management in areas that are complex, significant or highly judgmental which may be the case for accounting estimates and similar areas. Management should also expect to provide to engagement teams with sufficient evidence to support their judgments and the approach they have adopted for key accounting policies referenced to accounting standards or changes thereto.

Where estimates are used in the preparation of the financial statements management should expect teams to challenge management's assumptions and request evidence to support those assumptions.

Other matters

Other work

The Pension Fund is administered by East Sussex County Council (the 'Council'), and the Pension Fund's accounts form part of the Council's financial statements.

Therefore, as well as our general responsibilities under the Code of Practice a number of other audit responsibilities also follow in respect of the Pension Fund, such as:

- We read any other information published alongside the Council's financial statements to check that it is consistent with the Pension Fund financial statements on which we give an opinion and is consistent with our knowledge of the Authority.
- We consider our other duties under legislation and the Code, as and when required, including:
 - Giving electors the opportunity to raise questions about your 2022/23 financial statements, consider and decide upon any objections received in relation to the 2022/23 financial statements;
 - Issue of a report in the public interest or written recommendations to the Fund under section 24 of the Act, copied to the Secretary of State.
 - Application to the court for a declaration that an item of account is contrary to law under Section 28 or for a judicial review under Section 31 of the Act; or
 - Issuing an advisory notice under Section 29 of the Act.
- We carry out work to satisfy ourselves on the consistency of the pension fund financial statements included in the pension fund annual report with the audited Fund accounts.

Other material balances and transactions

Under International Standards on Auditing, 'irrespective of the assessed risks of material misstatement, the auditor shall design and perform substantive procedures for each material class of transactions, account balance and disclosure'. All other material balances and transaction streams will therefore be audited. However, the procedures will not be as extensive as the procedures adopted for the risks identified in this report.

Our approach to materiality

The concept of materiality is fundamental to the preparation of the financial statements and the audit process and applies not only to the monetary misstatements but also to disclosure requirements and adherence to acceptable accounting practice and applicable law.

Matter	Description	Planned audit procedures
1	<p>Determination</p> <p>We have determined financial statement materiality based on a proportion of the net assets as at 31/03/2022 for the Pension Fund. Materiality at the planning stage of our audit is £**m (PY £42.4m), which equates to *% of your net assets as at 31/03/2022.</p> <p>Misstatements, including omissions, are considered to be material if they, individually or in the aggregate, could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.</p>	<p>We determine planning materiality in order to:</p> <ul style="list-style-type: none"> – establish what level of misstatement could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements – assist in establishing the scope of our audit engagement and audit tests – determine sample sizes; and – assist in evaluating the effect of known and likely misstatements in the financial statements.
2	<p>Other factors</p> <p>An item does not necessarily have to be large to be considered to have a material effect on the financial statements.</p>	<p>An item may be considered to be material by nature where it may affect instances when greater precision is required. We have not identified any areas of the accounts which we consider to be material by nature, and therefore we have not applied any lower areas of materiality for the audit.</p>

Our approach to materiality (continued)

Matter	Description	Planned audit procedures
3	<p data-bbox="224 464 1030 507">Reassessment of materiality</p> <p data-bbox="224 507 1030 587">Our assessment of materiality is kept under review throughout the audit process.</p>	<p data-bbox="1030 464 2121 587">We reconsider planning materiality if, during the course of our audit engagement, we become aware of facts and circumstances that would have caused us to make a different determination of planning materiality.</p>
4	<p data-bbox="224 655 1030 735">Other communications relating to materiality we will report to the Audit Committee</p> <p data-bbox="224 735 1030 1292">Whilst our audit procedures are designed to identify misstatements which are material to our opinion on the financial statements as a whole, we nevertheless report to the Audit Committee any unadjusted misstatements of lesser amounts to the extent that these are identified by our audit work. Under ISA 260 (UK) ‘Communication with those charged with governance’, we are obliged to report uncorrected omissions or misstatements other than those which are ‘clearly trivial’ to those charged with governance. ISA 260 (UK) defines ‘clearly trivial’ as matters that are clearly inconsequential, whether taken individually or in aggregate and whether judged by any quantitative or qualitative criteria.</p>	<p data-bbox="1030 655 2121 735">We report to the Audit Committee any unadjusted misstatements of lesser amounts to the extent that these are identified by our audit work.</p> <p data-bbox="1030 735 2121 975">In the context of the Pension Fund, we propose that an individual difference could normally be considered to be clearly trivial if it is less than £**m (PY £2.1m). If management have corrected material misstatements identified during the course of the audit, we will consider whether those corrections should be communicated to the Audit Committee to assist it in fulfilling its governance responsibilities.</p>

IT audit strategy

In accordance with ISA (UK) 315 Revised, we are required to obtain an understanding of the relevant IT and technical infrastructure and details of the processes that operate within the IT environment. We are also required to consider the information captured to identify any audit relevant risks and design appropriate audit procedures in response. As part of this we obtain an understanding of the controls operating over relevant Information Technology (IT) systems i.e., IT general controls (ITGCs). Our audit will include completing an assessment of the design and implementation of relevant ITGCs. We say more about ISA 315 Revised on page 15.

The following IT systems have been judged to be in scope for our audit and based on the planned financial statement audit approach we will perform the indicated level of assessment:

IT system	Audit area	Planned level IT audit assessment
SAP	Financial reporting, General Ledger	<ul style="list-style-type: none"> Complete ITGC design assessment (see page 15 for further information)
Altair	Pensions Administration	<ul style="list-style-type: none"> Complete ITGC design assessment (see page 15 for further information)

Audit logistics and team

Darren Wells, Key Audit Partner

Darren will be the main point of contact for the Chair, the Chief Executive and Members. Darren will share his knowledge and experience across the sector providing challenge, sharing good practice, providing pragmatic solutions and acting as a sounding board with the Corporate Management Team and Audit Committee. Darren will ensure our audit is tailored specifically to you and is delivered efficiently. Darren will review all reports and the team's work focussing his time on the key risk areas to your audit.

Andy Conlan, Audit Manager

Andy will work with the senior members of the finance team ensuring early delivery of testing and agreement of accounting issues on a timely basis. Andy will attend Audit Committee, undertake reviews of the team's work and draft reports, ensuring they remain clear, concise and understandable to all. Andy will work with Internal Audit to secure efficiencies and avoid duplication.

Zolani Mzinani, Assistant Manager

Zolani will support Andy in coordinating the audit, and will oversee particular technical areas of the audit deliver and significant risks. Zolani will also attend Audit Committee.

Audited body responsibilities

Where audited bodies do not deliver to the timetable agreed, we need to ensure that this does not impact on audit quality or absorb a disproportionate amount of time, thereby disadvantaging other audits. Where the elapsed time to complete an audit exceeds that agreed due to a client not meeting its obligations we will not be able to maintain a team on site. Similarly, where additional resources are needed to complete the audit due to a client not meeting their obligations we are not able to guarantee the delivery of the audit to the agreed timescales. In addition, delayed audits will incur additional audit fees.

Our requirements

To minimise the risk of a delayed audit, you need to ensure that you:

- produce draft financial statements of good quality by the agreed timetable you have agreed with us, including all notes, the Narrative Report, Annual Governance Statement and Pension Fund Annual Report
- ensure that good quality working papers are available at the start of the audit, in accordance with the working paper requirements schedule that we have shared with you
- ensure that the agreed data reports are available to us at the start of the audit and are reconciled to the values in the accounts, in order to facilitate our selection of samples for testing
- ensure that all appropriate staff are available on site throughout (or as otherwise agreed) the planned period of the audit
- respond promptly and adequately to audit queries.

Audit fees and updated Auditing Standards including ISA 315 Revised

In 2017, PSAA awarded a contract of audit for East Sussex Pension Fund to begin with effect from 2018/19. The fee agreed in the contract was £x. Since that time, there have been a number of developments, particularly in relation to the revised Code and ISA's which are relevant for the 2022/23 audit. For details of the changes which impacted on years up to 2021/22 please see our prior year Audit Plans.

The major change impacting on our audit for 2022/23 is the introduction of ISA (UK) 315 (Revised) - Identifying and assessing the risks of material misstatement ('ISA 315'). There are a number of significant changes that will impact the nature and extent of our risk assessment procedures and the work we perform to respond to these identified risks. Key changes include:

- Enhanced requirements around understanding the IT environment. From this we will then identify any risks arising from the use of IT. We are then required to identify the IT General Controls ('ITGCs') that address those risks and test the design and implementation of ITGCs that address the risks arising from the use of IT.
- Additional documentation of our understanding of the Council's business model, which may result in us needing to perform additional inquiries to understand the Council's end-to-end processes over more classes of transactions, balances and disclosures.
- We are required to identify controls within a business process and identify which of those controls are controls relevant to the audit. These include, but are not limited to, controls over significant risks and journal entries. We will need to identify the risks arising from the use of IT and the general IT controls (ITGCs) as part of obtaining an understanding of relevant controls.
- Where we do not test the operating effectiveness of controls, the assessment of risk will be the inherent risk, this means that our sample sizes may be larger than in previous years.

These are significant changes which will require us to increase the scope, nature and extent of our audit documentation, particularly in respect of your business processes, and your IT controls. We will be unable to determine the full fee impact until we have undertaken further work in respect of the above areas. However, for an authority of your size, we estimate an initial increase of £3,000. We will let you know if our work in respect of business processes and IT controls identifies any issues requiring further audit testing. There is likely to be an ongoing requirement for a fee increase in future years, although we are unable yet to quantify that. Note that all fees and fee variances are reviewed and approved by Public Sector Audit Appointments (PSAA).

The other major change to Auditing Standards in 2022/23 is in respect of ISA 240 which deals with the auditor's responsibilities relating to fraud in an audit of financial statements. This Standard gives more prominence to the risk of fraud in the audit planning process. We will let you know during the course of the audit should we be required to undertake any additional work in this area which will impact on your fee.

Taking into account the above, our proposed work and fee for 2022/23, as set out below, is detailed overleaf.

Audit fees

	Estimated Fee 2021/22	Proposed fee 2022/23
East Sussex Pension Fund Audit	£38,487 Note 1	£46,871 Note 2
Total audit fees (excluding VAT)	£TBC	£46,871

Assumptions

In setting the above fees, we have assumed that the Pension Fund will:

- prepare a good quality set of accounts, supported by comprehensive and well-presented working papers which are ready at the start of the audit
- provide appropriate analysis, support and evidence to support all critical judgements and significant judgements made during the course of preparing the financial statements
- provide early notice of proposed complex or unusual transactions which could have a material impact on the financial statements.

Note 1 – As stated on page 6, we have not yet completed the audits and signed the audit opinions for the County Council and Pension Fund financial statements 2021/22, for reasons communicated in the Audit Findings Report to Those Charged with Governance. We therefore will communicate a confirmed fee variance for the delays/additional work incurred in the audit once this work is completed. Note that all fees and fee variances are reviewed and approved by Public Sector Audit Appointments (PSAA).

Note 2 – see the breakdown of the 2022/23 Proposed Fee on page 17.

Relevant professional standards

In preparing our fee estimate, we have had regard to all relevant professional standards, including paragraphs 4.1 and 4.2 of the FRC's [Ethical Standard \(revised 2019\)](#) which stipulate that the Engagement Lead (Key Audit Partner) must set a fee sufficient to enable the resourcing of the audit with partners and staff with appropriate time and skill to deliver an audit to the required professional and Ethical standards.

Audit fees –detailed analysis

Scale fee published by PSAA	£24,237
<i>Ongoing increases to scale fee first identified in 2019/20</i>	
Raising the bar/regulatory factors	£5,534
<i>New issues for 2020/21</i>	
Impact of new auditing standards	£13,600
<i>New issues for 2022/23</i>	
Payroll – Change of circumstances	£500
Impact of ISA 315 – see page 15	£3,000
Total audit fees (excluding VAT)	£46,871

Independence and non-audit services

Auditor independence

Ethical Standards and ISA (UK) 260 require us to give you timely disclosure of all significant facts and matters that may bear upon the integrity, objectivity and independence of the firm or covered persons. relating to our independence. We encourage you to contact us to discuss these or any other independence issues with us. We will also discuss with you if we make additional significant judgements surrounding independence matters.

We confirm that there are no significant facts or matters that impact on our independence as auditors that we are required or wish to draw to your attention. We have complied with the Financial Reporting Council's Ethical Standard and we as a firm, and each covered person, confirm that we are independent and are able to express an objective opinion on the financial statements.. Further, we have complied with the requirements of the National Audit Office's Auditor Guidance Note 01 issued in May 2020 which sets out supplementary guidance on ethical requirements for auditors of local public bodies.

We confirm that we have implemented policies and procedures to meet the requirements of the Ethical Standard. For the purposes of our audit we have made enquiries of all Grant Thornton UK LLP teams providing services to the Pension Fund.

Other services

The following other services provided by Grant Thornton were identified. The amounts detailed are fees agreed to-date for audit related and non-audit services to be undertaken by Grant Thornton UK LLP in the current financial year. These services are consistent with the Pension Fund's policy on the allotment of non-audit work to your auditors. Any changes and full details of all fees charged for audit related and non-audit related services by Grant Thornton UK LLP and by Grant Thornton International Limited network member Firms will be included in our Audit Findings report at the conclusion of the audit.

None of the services provided are subject to contingent fees.

Service	Fees £	Threats	Safeguards
Audit related			
Provision of IAS 19 Assurances to Scheme Employer auditors	5,000 (plus £1,000 for each assurance letter to be issued)	Self-Interest (because this is a recurring fee)	The level of this recurring fee taken on its own is not considered a significant threat to independence as this fee in comparison to the total fee for the audit and in particular relative to Grant Thornton UK LLP's turnover overall is not material. Further, it is a fixed fee and there is no contingent element to it. These factors all mitigate the perceived self-interest threat to an acceptable level.
Total	TBC		

Communication of audit matters with those charged with governance

Our communication plan

	Audit Plan	Audit Findings
Respective responsibilities of auditor and management/those charged with governance	•	
Overview of the planned scope and timing of the audit, form, timing and expected general content of communications including significant risks and Key Audit Matters	•	
Confirmation of independence and objectivity of the firm, the engagement team members and all other indirectly covered persons	•	•
A statement that we have complied with relevant ethical requirements regarding independence. Relationships and other matters which might be thought to bear on independence. Details of non-audit work performed by Grant Thornton UK LLP and network firms, together with fees charged. Details of safeguards applied to threats to independence	•	•
Significant matters in relation to going concern	•	•
Significant findings from the audit		•
Significant matters and issue arising during the audit and written representations that have been sought		•
Significant difficulties encountered during the audit		•
Significant deficiencies in internal control identified during the audit		•
Significant matters arising in connection with related parties		•
Identification or suspicion of fraud (deliberate manipulation) involving management and/or which results in material misstatement of the financial statements		•
Non-compliance with laws and regulations		•
Unadjusted misstatements and material disclosure omissions		•
Expected modifications to the auditor's report, or emphasis of matter		•

ISA (UK) 260, as well as other ISAs (UK), prescribe matters which we are required to communicate with those charged with governance, and which we set out in the table here.

This document, the Audit Plan, outlines our audit strategy and plan to deliver the audit, while the Audit Findings will be issued prior to approval of the financial statements and will present key issues, findings and other matters arising from the audit, together with an explanation as to how these have been resolved.

We will communicate any adverse or unexpected findings affecting the audit on a timely basis, either informally or via an audit progress memorandum.

Respective responsibilities

As auditor we are responsible for performing the audit in accordance with ISAs (UK), which is directed towards forming and expressing an opinion on the financial statements that have been prepared by management with the oversight of those charged with governance.

The audit of the financial statements does not relieve management or those charged with governance of their responsibilities.
